"The only reason that Jews are in pornography is that we think that Christ sucks. Catholicism sucks. We don't believe in authoritarianism. Pornography thus becomes a way of defining Christian culture and, as it penetrates to the very heart of the American mainstream (and is no doubt consumed by those very same hipsters), its subversive character becomes more charred..."

Jewish academic historian Dr Nathan Abrams (right), perhaps the world's most renowned authority on the Jewish role in pornography, let the cat out of the bag a few years ago in his controversial essay, *Topsy-Evansite*. [2]

Jewish academic Dr Nathan Abrams: "Though Jews make up only 2 percent of the American population, they dominate porn."

Seth Wershowsky "Big Game" of Porn

Andy Abrams goes "Down the Road" of Porn

Mal Wans old time picture and making porn

Edo Jungel, owner of Ultimate DVD, "used to film in the studio he used to star in his videos"

Dr Abrams not only admits that Jews are the world's most successful pornographers, he celebrates the fact. Jews, he tells us, have a grudge against Christianity, an "axiomatic hatred of Christian authority" rooted in centuries of humiliation, and pornography is one of the ways in which they get their revenge on their Christian persecutors — the hateful oppressors who expelled them from 109 countries since the year 250 AD, always without justification. ### BEYOND (STRAIGHT AND GAY) MARRIAGE

Valuing All Families Under the Law

NANCY D. POLKOFF  
Chief Executive Officer, National Center for Lesbian Equality

"Fighting for gay marriage generally involves lying about what we are going to do with marriage when we get there -- because we lie that the institution of marriage is not going to change, and that is a lie."

Masha Gessen (lesbian activist and author of the critically acclaimed biography of Vladimir Putin) speaking at the 2012 Sydney Writers Festival.

"Being queer means pushing the parameters of sex and family, and in the process, transforming the very fabric of society. ... We must keep our eyes on the goal ... of radically reordering society's views of reality."  
- Paula Ettehrick, Jewish, National Gay and Lesbian Task Force

"But perhaps the next step isn't to, once again, expand the otherwise narrow... narrow definition of marriage but to altogether abolish the false distinction between married families and other equally valid but unrecognized partnerships." - Sally Kahn, Jewish political commentator & lawyer.

"The nuclear family must be destroyed, and people must find better ways of living together. Whatever it's ultimate meaning, the break-up of families now is an objectively revolutionary process."  
- Linda Gordon, Jewish Feminist, Functions of the Family, WOMEN: A Journal of Liberation, Fall, 1969.

**NO FAULT DIVORCE**  
A no fault divorce refers to a type of divorce in which the spouse that is filing for divorce does not have to prove any fault on the part of the other spouse.  
The earliest precedent in no-fault divorce laws was originally enacted in Russia shortly after the Bolshevik Revolution.  
The purpose of the Soviet no-fault divorce laws was ideological, intended to revolutionize society at every level.[3][4]

"I think there is a resurgence of anti-Semitism because at this point in time Europe has not yet learned how to be multicultural. And I think we are going to be part of the throes of that transformation, which must take place. Europe is not going to be the mosaic societies they once were in the last century. Jews are going to be at the centre of that. It's a huge transformation for Europe to make. They are now going into a multicultural mode and Jews will be resented because of our leading role."

-- Barbara Lerner Specter, Sweden, Founder of Paideia, European Jewish Fund in Sweden

"Jews should rejoice at the fact that Christian Europe is losing its identity as a punishment for what it did to us for the hundreds of years we were in exile there... And now, Europe is losing its identity in favor of another people and another religion... Even if we are in a major war with the region's Arabs over the Land of Israel, Islam is still much better as a gentle culture than Christianity." -- Rabbi Baruch Efrati, 2012

"The Messiah will come when Edom, Europe, Christianity has totally fallen. So I ask you: Is it good news that Muslims are coming to Europe? It's excellent news! It means the coming of the Messiah! Excellent news!" -- Rabbi Rav Toulout, 2013

"We, the Green party, have to make sure to get as many immigrants as possible into Germany. If they are in Germany, we must fight for their right to vote. When we reach that, we will have a share of the vote, we need to change this republic." -- Daniel Cohn-Bendit, Jewish Co-president of EFA

On 24 April 1999, the day NATO began bombing Yugoslavia, Wesley Clark, the General in overall command, said this on CNN:

**"There is no place in modern Europe for ethnically pure states. That's a 19th century idea and we are trying to transition into the 21st century, and we are going to do it with multi-ethnic states."**

That's the New World Order for you. Destabilise white society the whole world over by filling it up with foreigners. And we bottle those that don't go along.

Clark's father, Benjamin Jacob Karne, was Jewish.

"One of the challenges for us in the Jewish community is to help the larger society understand the really special role that immigrants can play in bringing diversity into larger (American) society and to understand that's a good thing as it's a good thing for us." -- Richard Feitel

"Arab migration has been the best thing that's happened to Europe in the past 50 years. The more migrants from Africa and Asia who arrive, the better off Europe will be. Sooner or later, their children and grand children will marry into veteran European families and change the demographics of their countries." -- Ygal Ben-Nun, Jewish writer, Nov 15, 2013

Count Richard von Coudenhove-Kalergi was the founder, and President for 49 years, of the Pan-European Union, the forerunner of the EU. In his 1925 book, *Praktischer Idealismus*, he says this:

"The man of the future will be mixed-race... The Eurasian-Negroid race of the future... will replace the diversity of peoples... Russian Bolshevism constitutes a decisive step towards this purpose, where a small group of Communist spiritual aristocrats govern the country... Jewry surpasses all other peoples in percentage of important men... with Trotsky as the forerunner of modern politics... The prominent position held by the Jews these days is owed to their spiritual supremacy... Modern anti-Semitism is one of the many reactionary phenomena of the mediocre against the supreme."

In 1950, the Court was awarded the first Charlemagne Prize. Other winners of the award have included Winston Churchill, Henry Kissinger, Edward Heath, Bill Clinton and Tony Blair. Of mixed-race himself, two of his three wives were Jewish.

**EU should 'undermine national homogeneity' says UN migration chief**

By Brian Wheeler  
Political reporter BBC News

The EU should "do its best to undermine" the "homogeneity" of its member states, the UN's special representative for migration has said.

Peter Sutherland told peers the future prosperity of many EU states depended on them becoming multicultural.

He also suggested the UK government's immigration policy had no basis in international law.

**WORLD ECONOMIC FORUM**

"Our plan treats the protection of refugees as the objective and national borders as the obstacle."

George Soros - October 2013

"In the 18th and 19th centuries, Europeans populated the world. Now the world is populating Europe. Beyond the furor about the impact of the 1m-plus refugees who arrived in Germany in 2015, far bigger demographic trends..."

One possible reaction for Europe is to accept that migration from the rest of the world is inevitable -- and embrace it wholeheartedly. Europe's debt-ridden economies need an injection of youth and dynamism. Who will staff their old-age homes and building sites if not immigrants from the rest of the world? (...)

In the long run I expect the forecasts to 2066 -- not because their demands are unpopular but because they are unenforceable (...). It will be all but impossible for an EU that is part of a Eurasian landmass and is separated from Africa only by narrow stretches of the Mediterranean (to maintain strict controls on immigration)..."

- Gideon Rachman, Financial Times chief foreign affairs commentator, 12 January 2016 / archive.is/0k04

**DAVIDS HEAD PREDICTS 1 BILLION REFUGEES TO EUROPE**

The executive chairman of the World Economic Forum is predicting mass migration of 1 billion refugees moving north into Europe. If the slide in commodities continues.

"White men have had a great run. [But] finally, thanks to the baby revolution of the past century, (...) the status quo of the past several millennia is going to undergo a profound change. In Europe alone, the influx of migrants and refugees is already producing irreversible demographic shifts -- a great blending of cultures. (...)

The politicians in America and Europe who sow nationalist bile and fan the flames of anti-immigrant furor are tapping into a growing if unconscious cultural recognition that time is running out on what has been the world's most privileged ethnic class. (...)

To be sure, we should not -- not for one minute -- invent the passing of the whole-cale era, for there is at least a glimmer of hope that soon to come is the era of 'all'."

**Netanyahu plans fence around Israel to protect it from 'wild beasts'**

Israeli PM says proposed barrier would also solve problem of Hamas tunnels from Gaza, but plan already has critics in his own cabinet.

Benjamin Netanyahu has announced his intention to "surround all of Israel with a fence" to protect the country from infiltration by both Palestinians and the citizens of surrounding Arab states, whom he described as "wild beasts".
