1 / ? - Real origin of 6 million figure in their Shoah

As many already know, the figure "6 million jews" appeared since the start of 20th century throughout western press, repeated like a mantra... But where does it come from? It looks like a spell or a religious doctrine, that before returning to the Promised land, 6 million jews should suffer burning or other suffering. But it is not written openly in Bible, it is not in Talmud, not in Zohar, did not find it in Solomon Molcho as once adviced and other such sources. (Now as a christian biblical expert I formerly self-learned hebrew sufficiently to translate a third of a Bible from hebrew to my language, among else.)

There is a commonly spread disinformation about missing wav in תשבו *tashuvu* in [Lv25:10](#), invented in 1990's by NewYork rabbis Blecha (actually named Rabbi Benjamin Blech, but in my language "blecha" means a "flea") and ... and then spread by Ben Weintraub in his book [The Holocaust Dogma of Judaism](#) (which beside this contains other interesting informations, but this central topic is wrong). It is evidently false, since that wav is more often missing than present and it is not required there at all, it is often replaced by that tripple dot below (more than 4000 occurrences in Bible), either in this word or other words... It is an intentional misdirection to prevent researchers to look further.

But then I actually found it on 27th january 2019 on HRD anniversary... (actually I found it a day earlier on evening and worked on it during the HRD to upload it on evening in some haste >>201272153 (my archive, but image links point to their archives...), where it has sunk in their bottom-less archives almost unnoticed...)

Well, but it's not even all and another recovered biblical reference to that cursed number 6 million shall surprise you even more... Let me explain:

2 / ? - Real origin of 6 million figure in their Shoah

(the text is rewritten from my former [comments](#) at Unz review, starting on St. Nicholas feast of 6th december, by some coincidence identical with a date of battle of Moscow...)

Most people think the hebrew alphabet has 22 letters, as encoded on at least 5 places in Bible, among else the book of Lamentation. But actually, it has 23 letters, the 23rd being different from the other (same as genome's Y chromosome, same as DNA encoding 23 used combinations, one of which is stop-code), it is called **reverse nun** (or [Inverted nun](#)), and it occurs only 9 times total in Bible to mark the Holocaust beside the text. Not sure, when it did get there, but in talmudic times of second century AD it was already there, because it is already commented in Talmud...

It marks the part of old testament most sacred to jews at end of [Nu10](#), as described in Talmud [Shabbat 116a](#) (pg. 362), and it is said to divide between two retributions, but unlike the rabbinic explanation of these, it divides or connects between "I will go to my land" in Nu10:30 and between "they burnt" in Nu11. The name "Taberah" in Nu11:3 means "[Burning](#)" (when "Holocaust" also means whole-burnt offering), and in Nu11:4 is again "they returned"... Consider, that this is regarded as the most important and sacred part of old testament to jewish rabbis...

The only other occurrence of reverse nun is in a Holocaust [Psalm 107](#), where there are six nuns beside, and one detached. The six nuns mark the verses, whose starting words read: "[he will send](#)", "[praise](#)", "[they killed](#)", "[causing to descend](#)", "[them](#)", "[he said](#)". And the seventh away from these marks the word "[they diminished](#)".

From this, and from the Nu10-11 promising return to their land combined with burning, they concluded necessity to burn 6 million people in a sacrificial offering (which is why it's called "Holocaust", which means "sacrificial offering"), in order to return to their holy land.

(Attachment with a graphical version of that analysis: [nu10ps107.pdf](#))

3 / ? - Shoah is Falsehood

The word שואה "**Shoah**", which they use instead of Holocaust or עלה "**Olah**", literally means "Hoax, **Falsehood**, Lie, Vain", and it is used as שוא twice in decalogue - in Dt5:11 "in vain", and in Dt5:20 as word "false" in "[You shall not bear false witness against your neighbour](#)". (to be more precise, שוא is "vain, false" and שואה is "falsehood, vanity") They don't use עלה "**Olah**" for [Holocaust](#), because that is already used in עליה "[Aliyah](#)" (a return of jews to Israel in Levant), which grammatically means something, that causes "**Olah**", ascent or holocaust... So the term "holohoax" (absolute hoax) is quite exact translation of hebrew "Shoah", a really insolent chutzpeh, or a code-word for those who have their ears... And Aliyah is something, that caused Holocaust, and not only linguistically so...

I'll avoid a wider discussion here (because enough has been written already here or elsewhere), how much the rabbis actually succeeded in making to fulfill that 6 million figure of their sacrificial offering, and what difference does it make, how big part of that happened in WWII, and how big part had already committed Stalin in his [Great purge](#) in late 1930's, when delivering the Russia and the World from the [Trotskyist menace](#) (because Trotskyists wanted to export the Revolution world-wide and betray Soviets to the Germans in WWII, but Stalin has turned their effort into a National one, which is why they hate him so much until today), announced to the public only in 1956 by Nikita Khrushchev, a stooge of [Lazar Kaganovitch](#) (a probable master-mind behind Soviet Union?), while formerly it was calculated into pre-war and post-war difference attributed to Hitler, which did not change, when the Great Purge has been announced, because that cursed number is fixed regardless of any facts... Which seems to me a probable reason, why Soviets had built the chimneys in Osvietim after the war to shift their part of the perceived guilt onto the common pile?

4 / ? - Number of the Beast

But it's not all of biblical occurrences of that number **6e6** (6 millions), but that another one was meanwhile distorted while copying the manuscripts.

Nowadays every dummy knows the number of the beast, which is supposed to be 666. And while many have stylized into it, almost no one sees the obvious, that the collective **Antichrist Judas** is already ruling the world and everyone bows to it... (It's not any funny feudal figure, it's a very mighty collective...)

But the original of Revelation [13:18](#) reads thus:

Revelation 13:18 writes:

Here is wisdom.

Let him who has understanding count the number of the beast,
for it is a COUNT OF PEOPLE and it's number is SIX MILLIONS.

The greek numbers were written in letters with an over-line, and originally there was XM, which means six hundred myriads, which is six millions. Then in mid second century, when copying manuscripts, they mistaken it for XII, chi iota digamma, which is 616. [Pamphylian digamma](#) used at that time around Patmos looked thus И and it was number six. Then digamma was replaced by letter "stigma", and on [papyrus 115](#) it now reads XIϚ, chi iota stigma, so some bibles have in commentary, that it is possibly 616. Then in third century codexes, it was already written in full greek words εξακοσιοι εξηκοντα εξ (sixhundred sixty six), and in Erasmus "Textus Receptus", there again is greek abbreviation χξς - chi xi stigma, which is 666. Thus it has evolved...

XM -> XII -> XIϚ -> χξς

6e6

616

616

Digamma
From Wikipedia, the free encyclopedia

666

τὸν καὶ ἡ ἀριθμία τῶν ἐξηκοντῶν τοῦ ἀνθρώπου
ἐξηκοντὶς καὶ ἑξήκοντα ἐστὶ, ὅτι ὁ ἀριθμὸς
ἡ τοῦ αὐτοῦ· χξς· καὶ ἰδοὺ καὶ ἡ
ἀριθμία
Numerus enim hominis est, & numerus eius sexcenti sexaginta sex.

But actually many people here should already understand, that the Antichristian Beast already ruling the world, to which all bow and without bowing to that number six millions one cannot sell or buy ideas, not even for free, is the Zionism with it's Holocaust Industry.

5 / ? - Zion is Beast

Add to this, that זִיּוֹן "Zion" may literally mean "Beast", from word זָרַח H6728 "the wild [beast](#), desert yelper". Considering, that London City, the site of world rulers, is on every corner marked by the **Dragon** statue, which is it's sign, and considering the 2012 Olympic logo, I think that if the Zion should refer to a place, then it may refer rather to London than some mountain in Israel in Levant, but actually it's rather their philosophy and not some worldly place... So where I or other people refer to "Zionism" or "Zionist", it's rather devotee of the Beast (Zion) ruling the world, than as originally intended someone, who wants to resettle to Israel land...

(I'll try to explain this image later, but meanwhile to note the dragon statue on right side, just replaced cross with a star)

As I've written, many have stylized into that number 666, including hexagram star on flag of Israel, including logo of Google Chrome or CERN or Trilateral commission, including "www" (if you know, that "w" is hebrew 6), etc.

But how is flag of Israel or those other ones a "count of people" or "number of man" as formerly translated? And how did it help the christian majority to recognize the collective Antichrist Judas (Judas), who already rule the world and they all serve them? (This is my very optimistic idea, that it needs not get any worse, it's already bad enough... Not interested in some Noahide deception of an "Antichrist" puppet under their management...)

As some consider "state of Israel" being most grave evil - when are you going to realize, that Israel in Levant is "lesser evil", and true problem is the "[International Jews](#)", also called "Globalists", most specifically those having tight grip over USA and EU and its Media? If I'd quote the famous rant of Dancing Israelis - Palestinians are not your problem. The globalist Jews and Israeli spies on your territory are, and the dual-loyalty traitors... (The main purpose of "dancing Israelis" of 9/11 was probably to get captured and utter that sentence "We are not your problem, Palestinians are your problem", exact opposite of the truth as is custom of Jews, and plant it deep into American subconsciousness, which was a first thing they uttered while meeting a police, and taking photos and high-fiving was just an ostentatious stunt to get caught.)

It's called **Misdirection** - To make an evil one a "lesser evil", they create a seemingly worse evil elsewhere. Deplorable, but it seems working...

That I consider to be probably the primary reason for building that rogue middle-eastern state of Israel in Levant, which is rogue by design and by necessity - after all, Theodor Herzl has sufficiently spoken about the necessity of anti-semites to help their efforts...

So I think the whole ruse of that middle-eastern Jewish state is probably just a misdirection to turn people away from the problem of international Jews, Trotskyists and traitors in our own ranks: "Look, our local Jews are not so big problem, there is a monster in the middle east!" And the more you are not allowed to criticize the Israel, the more it makes you want to criticize it and look elsewhere than needed...

While considering, that efforts like that have usually multiple purposes simultaneously and it may be a matter of view-point, which one of them is more important than the other...

Moderator writes:

P.A.Semi,

Let's stay focused on applying the "Holocaust" tale in your posts.

You're becoming a bit esoteric and off track.

Thanks, M1

Do you mean a previous partly historical and partly fictitious event called "Holocaust", or does it include the "Holocaust Cult" used as a chief tool of their World dominance, because these can hardly be separated, or even an upcoming Holocaust-like plan aimed this time against us?

Isn't your request of restriction somehow unjust, if just beside this is a topic "[Are Jews a Race or just a Religious Group?](#)" (a religious and conspiring group, not a race), temporarily coinciding with Trump's executive order of that topic and dealing only very marginally with the Holocaust?

εγω ειμι - I AM a sort of a Christian Mystical Philosopher, but if you mean "Esoteric" to mean "Hidden", than it shall not be hidden any more, so it is rather an act of removing "Esoterism" from these topics, because the time came. And you have not been understanding some topics right while avoiding religious perspective and not understanding their snake hebrew language, that reveals some things overlooked otherwise... ([Is Holocaust a History, or a Religion?](#) - an Atheist supplement to Judaism...)

As I've written, this text is just a restructuring of my guest comments in Unz review I've linked above (it's just 11 of them now and they're historical, it is making History now) to make it into a form of an article, that can be presented on some Review site that would dare to publish that... A decade from now it may be even included in University textbooks, if God wills...

So this site should be about an open debate, but not open that much? Are you going to ban me, because you cannot bear this burden of unpleasant truth? (My final version of that article shall be made from my "preview" posts even if you delete some topic, with a link to this forum as a reference, and here it's a testimony, out of my reach, that it has been published now, and you have a chance to comment it or argue while I'm writing that...) And it's also an offer, because this will open the restrictions, against which you fight, because it will show it's just a Dogma and not a History, and showing you a while later, why are you and me interested in blowing this whistle. I'm going to shorten it somehow, omitting the Vietnam war misdirection or others and touching 911 only marginally as much as needed, because it is linked to Munich conference, which I consider a start of WWII, because that time Hitler turned outward from Germanic lands, and linked to the Japan atomic bombings, which can be considered a conclusion of exoteric (commonly known) part of second world war (i.e. if you do not consider Eisenhower death-camps {1} and partial implementation of Morgenthau plan {2} being part of WWII), by those being items of a same plan, which at this moment is interesting by considering it's extrapolation...

Favicon of this site, while supposed to be a handcuff probably, is actually a Ring. The Holocaust Cult may be considered that [Ring, which rules them all](#), and now came a time to throw it into the Mount Doom (again). I am intending to dismantle Judaism once and for all with this my struggle, including that abomination you know as "Holocaust Cult" and the censorship it is surrounded with, but it's not even the greatest Shoah or a Lie of (((them))), somewhere below in this article is going to be exposed a "Crown of all jewish lies", because it is related to the third of those "H" in first sentence below me quoting moderator. While that picture of blackhat pyramid I posted above and shall explain below expresses the Ring, that rules them all, and as such I've unintentionally tossed it into the Mount Doom, while symbolically going around the world this August with information of that 6e6 figure in Revelation, as I'll also try to explain, because I feel it's important... If I'll fail to finish it here now, you may read it in my chaotic guest-commenter posts in Unz review I've linked above...

You shall now the truth, and the truth shall make you free ([J 8:32](#)).

I hope that if you were able to stay upright with the load of information you already have, you would be able to bear this also. And I must warn possible readers, that I mix informations and opinions, so what is not an "[Information](#)" in my texts, that is an "[Opinion](#)" of mine and it should not be hard to distinguish, since I support the information with the links, so it can be independently verified. What cannot be verified in my posts is my opinion and please [Doubt it wisely](#).

While your and other's efforts have been necessary to provide a historical context, but you've failed so far to win this your struggle, because you were limited to veracity of that historical event, while failing to put it into a [wider religious context](#), where it belongs. It is not sufficient to tell a jew(s) his Lie is a Lie, it does not remove or prevent it's consequences, it shall be (or should be) more thorough this time...

Because quite often the opposite of what (some) jews say is true, and as you will soon see or probably already know, Holocaust is nothing unique in Judaism, but rather a kind of a custom...

If you want to re-publish my texts anywhere later, you may abbreviate (or supplement?) them as you deem fit. Whatever I write is public domain or creative commons, or I just don't care... (If I'm presenting the text here hoping that someone will pick it up and redistribute it, I'm the last one who would sue him for doing precisely that...) [You cannot own the Truth](#). I just request, that you do not claim I've written something I did not...

And since the American Universities, as I've learned on bottom of Codoh About page, are occupied by a [Hillel](#) organization, which literally means [הילל Lucifer](#), and since you have failed to solve the problem of a Holocaust Cult by your rational atheist level of arguments so far, being it a religious problem, it needs a religious-level treatment...

(non-essential remark to be removed when the text is finished, you can [skip it](#) now - meanwhile I came to realize, that this Article title should have been probably rather "Wider Religious Perspective of the Holocaust Cult" and only with a sub-title of that "Real origin of 6 million figure of their Shoah", but I still didn't get to the Real Origin, only have traced it little more deep toward that origin... How dares a site, who claim it's "aim ... is to promote intellectual freedom with regard to this one historical event called Holocaust. ... will help to advance the concept of intellectual freedom with regard to all historical events", thereby limiting the significance of one of the world's most important events with widest consequences to nitpicking it's historical perspective only and is letting an anonymous Porter to limit the intellectual freedom of the Guest King (the fourth king [תללנדר Tallander](#)), who brought a gift to The People via their doors, to pick from the Gift and toss aside something, which value his limited mind is not able to comprehend yet? It's sad... So do you mean to get "unlimited intellectual freedom", but only unless it does not surpass your narrow-minded interpretations? But possibly the Porter was just sleeping and did not toss it down to break it, but who knows? Is your Logo meaning, that you handcuff guest writers by a moderation censorship to better express their intellectual freedom? I shall repeat it somewhere else and here it's just a side-note not to forget it... Here it's mixed in the numbered article serie, so that the People recognize, if the Porter has stolen it too... [Archive.org](#) copy of former part shall be my witness, that I started it here, failing to finish it, if you shall ban me and do not doubt it shall be revealed by another channel later sufficiently loudly in such a case... Moderation brings an Insecurity of Forum by allowing a chance for a Moderation fraud, and should I notice any, I'll stop here. (Deleting a Post is an offence but it is tolerable, but redacting it before it appears in Forum is not. I do not say it happened, I say it is Insecure because it gives such a chance...) (So please, dear Porter, can you remove the security bar from your gate, because beside it hinders, it makes the gate insecure for both readers and writers! Because it makes your Readers prone to a fraud of someone deeply below their level by spoiling the message I have brought Them... I don't know how to explain it better, so sorry for coarse words if you consider them such from your viewpoint... Here said such, so that you The Codoh can't claim later you didn't understand it... The more I write blocked, the more you could show, that you are not mind-limited, but evil... I really hope that is not the case, so please, Wake Up! You do not have any other honest way out of this beside unlocking me and removing the [Security Flaw of Moderation Censorship](#). How dare you boast to be "open" otherwise?!) Possibly I'll stop due to being shot or locked here today, who can tell? It shall be clear sooner or later... (While it's also possible, that (((they))) are now erupting in hateful anger from the image I've posted above and (((they))) came to compel the moderator Porter of such behaviour, and in such a case I apologize for problems not seen publicly but imaginable... Maybe I naively underestimated their evil resolve and width of reach and speed of action?) (I came here to blow the whistle that shall heal this civilization and among else the Holocaust Cult, or to expose another mole of controlled opposition, and I really hope it's the first case this time...) (So please, be a good Frodo and do not try to restrain Gandalf fighting Sauron with your help, all would be grateful to you too if you do not fail and be able to bear that burden.) (to explain to public, I'm still blocked by moderator confirming my posts and it takes multiple hours while he sleeps, or he deleted my un-numbered reply addressed as a reply to his post, but it is possibly insecure that he may intend or be compelled to spoil parts of it later and it is a hardly acceptable risk.) {to be redacted out later while completing the article from raw forum original...}) (a side note explaining my reply to Mr. Hannover, which I do not doubt he understood but to explain it to the wider public, it was just another words to say: "Thank you, but I am redpilled enough... have my respect... this shall be a next-level multi-color pill. I am not diminishing your efforts, I came to expand them to another reach...")

Since most of the world problems today are also enabled by a specific ignorance of various kinds of people, or their unwillingness to accept different arguments, you need a different set of arguments for different target groups to heal their dogmatic lapses. And since all the Holocausts ([sacrificial offer murders](#)) are inherent part of Judaism, you cannot explain or understand them without placing them into the right wider context. It is of no avail to point in ever finer details, that the Shoah is False, because the Shoah literally means Falsehood, and still 50 years after the Holocaust Industry started rolling worldwide, we've failed to convince anyone significant about our perspective, so let's rather put it into the wider religious and historical context, naming the Archetypal Names, maybe it could turn better this time...

[Holocaust](#) Shoah is root of current western evil, because (((they))) use it as an enabler of all their misdeeds by silencing or misdirecting any opposition. Same purpose has an "anti-semitism" label. As I explained earlier, "Shoah" literally means "Hoax, Falsehood". Their chucpe can hardly be more insolent... While most religions celebrate birth of some good hero, who represents love, central figure of this Cult ([Hitler](#)) is considered absolute evil and the Cult celebrates mass death... All major feasts of judaism celebrate some mass murder - [Channukah](#), which is the luciferian [anti-christmas](#) or rather antichrist-mas, celebrates mass murder of helenized jews (and the lie of eight day oil), [Purim](#) celebrates mass murder of Persians by Mordechai (while waiting for a God's lot), and it is celebrated by telling various funny lies, while [Pascha](#), which is not Easter, celebrates mass murder of Egyptians, but on this occasion it was allegedly perpetrated by God, they've just smeared their doors with the Lamb blood... "Allegedly", because only this one of these is mere Allegory or Prophecy, but not a History (yet?)... While their New Year on september is celebrated only occasionally every seven years by committing some [שמיטה Shmitah](#) {*} (which means "fling-down") or mass murder or some other kind of misdeed, but during each year by reciting [Kol Nidrei](#), a disposal of any future vow, being it civil or religious, which may be considered a solemn intention to lie and not fulfill promises... (But they lie it does not mean all promises, while the text clearly says it does...) Did I omit some major feast of Judaism? Probably some minor feast like Weeks {*} and Tabernacles (Sukhots) {*} which is a kind of harvest thanksgiving are some exception to that rule... (I've almost forgot these two, since they are not celebrated so loudly...)

So that the "mass murder" and "lie" can be considered an unifying concept behind most of major feasts of Judaism, being it religious judaism, or as extended as a secular judaism of a Holocaust Cult, and you cannot have a discussion of one of these Holocausts and it's historical or religious context without placing it among other feasts of a same kind... Since as the Jews claim, that Holocaust is something unique, unprecedented in history and unrepeatable, the very opposite of that is true, just the victims are sometimes but not always exchanged - for example Channukah celebrates also a mass murder of helenized (i.e. modernized) jews by their fanatic brethren... Which is here to note, that thinking that being a jew protects you from a revenge of religious fanatics is just short-sighted...

Do you think, that if they seem to intend to sacrifice Persians (Iran) once again this time, that they would not sacrifice modernized jews or other *sayanims* instead or together with others once again? (There is a proverb in my language, coarsely translated as "if the forest is being cut down, the splinters fly", meaning unpleasant and often undesired consequences. Last time when they've sacrificed the jews in wwii, there were many victims beside...) Because struggles to attack Iran *may be* just a misdirection to calm the rest of jews into thinking this time it will be *just* Persians once more...

Think a while about their motto: "[By the way of Deception shall you wage war](#)" ([Proverbs 24:6](#)) ("Deception" also translates "wise counsel" or "binding by the rope", in greek septuaginta translation there is κυβερνησεως "kyberneseos" meaning "directorship")

That is very probably a reason, why Truth is called Anti-Semitism so loudly and often hysterically.

7 / ? - Chosen Synagogue of Satan

As if I hear the complaints of various christians: "*But the jews are the "chosen" people and everything they do is tolerated or even desired...*". So to heal this Dogmatic Blunder, consider the following argument:

Once "chosen" people, the first-born of Western spirituality, when they rejected to continue the path with the God via His Son Jesus Christ, then the God has laid them aside. As Moses brought 600,000 people to the promised land, then when they rejected continuing in that heritage and were in the process of writing Talmud anti-bible, God by the hand of Romans has erased precisely those 600,000 people (or rather all that were staying there) in order to underscore the termination of former chosenness in בר כוזיבא Bar Koziba (that means "Son of Lie") revolt of Pharisees, just that liar rabbi "Treason son of Joseph" (Akiva ben Josef, main contributor to Talmud) has tried to rename him to Bar Kokhba (that means "Son of Star")... As God laid aside the formerly chosen but now useless folk, Satan came by and picked it up, making them write worst hateful lies mixed with vain babble in the Talmud. Since those times, they are no more chosen people of God, they are chosen people of Satan. You may complain, that it is not written thus in Bible? That was around 135 AD, how can it be written in Bible? Is not written in Revelation 3:9, in the chapter about America (Philadelphian Church, remember Constitution?), about that [Synagogue of Satan](#) ? Don't you see it everywhere around? Why not?! Someone has deceived you to include Devil into your blind love... (But many jews are members of that "club" unwittingly, they just *conspire* together, which means "breathe together", which among else means "live or perish together", since it's impossible to come for the bad ones without harming the good ones, who shield them, because they feel being together members of one group...)

It's somehow necessary, that the modernized (helenized) jews realize, that they do not breathe together with the religious fanatics of Judaism, they breathe with us, the people among which they live.

Then you may insist, that the number may not be 6e6 (6 millions, which is the satanic holocaust cult) as recovered by my linguistic archeology, but it is 666, as is everywhere printed...

The problem is not a number that or that, the problem is, that ordinary people and christians foremost enable all the Zionist malevolence by their ignorance... Removing "ignorance" should remove "enable", which would significantly reduce that "malevolence"... (Like in a fairy tale of Sleeping Beauty - all kingdom is sleeping and I just did not find yet the right princess, that needs to be kissed to wake them all up...)

Otherwise, the number **666** foremost represents the **monopoly of jewish rule of the world**. 6 is a number of jews as generally understood, and 666 is "monopoly of jewish power". When all three kings are 6, there is a problem... (that my solution of 6e6 - now in today's scientific notation, just one of those 6 is diminished and turned around, the central one, it's also a kind of solution...) (Someone may argue, that the problem is not Judaism but Freemasons? Possibly, I'm not much sure about Freemason's efforts, beside they claim to be honorary "jews" {link, please}, i.e. self-elected people, but I think their primary effort is "Dominance", but the primary effort of Judaism is "Extermination" of both Christians and Hedonistic or Atomic Materialists, and that is a huge difference from my view-point...)

Somewhere I write, that the problem of humankind is cartel of jews, and one of those three will be soon stricken out. I suggest striking out "cartel". Otherwise NRA will possibly strike out {*} "jews" soon (don't you see the rising trend toward a civil war due to all jewish oppression of "White" people? But I do not suggest that solution! Consider, that on gates of New Jerusalem there is written "sealed" {*} all 12 tribes, not "killed", you do not want to destroy those gates...). Otherwise Cartel of Jews would strike out "humankind" not far from now, as they plan... (see below...){in tomorrow posts?}

Problem of FBI, CIA and (((judges))) is “mighty gangster” and one of those two should be stricken out. (do you understand, that the most mighty one must not be a gangster? Otherwise there is a problem... I've advised a solution, but I'm not sure if it's viable or naive...) Problem of american education is “depraved pedagogue” and one of those two should be stricken out, either will not be depraved, or will not be a pedagogue. Problem of imams is “politicized priest” and one of those two should be stricken out. Both priest and pedagogue just deliver the precious gem, which is not their, to their subjects, one of them Word of God and the other Knowledge of Mankind, and they must not poison it by their political agenda or depravity. You all underestimate problem of Universities, Californian foremost, how they've spoiled a whole generation of students into lunatics...

(If you are a christian priest, then consider, that you may not turn to be a "fanatic imam" and start to fulminate against jews from your pulpit suddenly after reading this, because Average Joe may pick it up wrongly! Anyone should understand, that you cannot remove problem of Judaism by shooting few "jews", it would have precisely opposite effect than desired, because their fear induces them to cooperate more tightly. But please stop your pro-zionist zealously now, when you start to understand that! Many of you were only deceived into that blunder of "chosen people", many were just afraid to tell, only few were serving the evil knowingly, but now everyone should understand & recognize that)

[Berkeley 2017](#) was a prime example of that [Apostasy](#) of 2Thes2:3, how leftists in service of oligarchs under rainbow-colored lights in the name of “liberalism” rejected speech of a conservative gay journalist (Milo Y.), in the name of “multiculturalism”, because he is an american patriot speaking about immigration, while he is a british citizen son of irish and greek parents, because as “democrats” they rejected outcome of elections, because right-wing workers have elected a fair tycoon against a gangster puppet of leftist oligarchs rooting for socialism, because he is a “racist” and has a white skin color (if you do not understand, how absurd it is to accuse someone simultaneously of racism and wrong skin color, you were brainwashed), and because he is a jew who converted to christianity, as multicultural atheists they rejected him, because he is anti-muslim... Well, because there is a “sanctuary”, all kinds of perverts may freely gather there... And since Love of one's country and it's people is deemed Hate, they hated him so deeply in order to prevent the Hate... Could their Apostasy be more complete? (I'm not writing there "sic", because it would have to be after almost every noun...) Now came a time to reveal that [Anomias](#) (meaning "without law" - i.e. wanton liberalism?) and [Amartias](#) (conspiracies - "without witness" ? or "sin" as formerly translated?) of 2Thes2, (with only some of them in this article)...

(if you do not understand, why is this written here, it's because that Apostasy, not just some religious secession but a complete abandoning of all ideas and virtues, is my argument for christians, that the Time came. Which one is it, that should be taken out from the middle? Probably that, who hinders the liberation of people from their blindness, but there are multiple possible interpretations...)

8 / ? - Jews do Holocausts

You may not split the "Holocaust" discussion from a religious perspective also because the term itself is religious, this coming from a biblical greek word ολοκαυτωμα Holokautoma {[*](#)}, translating "wholly-consumed sacrifice, whole burnt offering, victim the whole of which was burned", it is a form of religious sacrifice, mostly dealt with in the book Leviticus, which was slipped into the Bible from a different source than other Moses books and quite ungodly one (as those who are not blinded by dogmatic lapses of scripture infallibility often recognize), because that is the only book in that Moses part (from Genesis until Kings), where the names are not used to bear the meaning, and it's no surprise the Apostles relieved us, their disciples, of these brutal practices... ([Acts 15:5-21](#), [Mt 9:13](#), [Heb 10:8](#), [Ps 40:7](#), [Hos 6:6](#))

But as I've written, that you need a different set of arguments for a different audience, if I wanted to convince an intelligent atheist with 3-digit IQ, who still didn't loose an ability to read texts longer than tweets, I'll point him onto the arguments of historical perspective, foremost the “American Pravda” series of Unz review, and if I should condense it into one sentence, it's “[neocons are turn-coat trotskyists](#)!” (I admit it's an oversimplification, but I wanted to underscore this information foremost, and to explain it - trotskyists were probably the worst of bolshevik butchers and wanted to export the revolution world-wide, until Stalin has stopped and purged them and thereby delivered Russia and the World from that menace. And I wanted to pose a question for a consideration or further research: How much is so called *military-industrial complex* related to the jewish Chicago mob elsewhere also called [mafia](#)?). Among else [Bolsheviks](#) (and other books with contemporary testimonies {[*](#), [*](#), [*](#)}), showing quite well the Soviet Bolshevik revolution was an overly jewish attempt at revenging against poor Russian people, whom all the jews and their stooges hate foremost, among else in order to exterminate all the talented among russian people, which they've failed only partially but Russia has already recovered since.

And how they manoeuvred Germany into the [world war](#) to perform their sacrificial offering (Holocaust), and consider, that hungarian jews were exported to the Osvietim by a jew Dr. Kastner (H.Makow * citing Ben Hecht's book *Perfidy*) (where Poland's and Hungary's jews are two most significant groups of jews that perished or were displaced in WWII in that half of Holocaust, that really happened), while the Germans were just providing a muscle for that Zionist effort and were unhumanly punished during and after the war, in order to exterminate all the best people of Germany, only to be rewarded or rather silenced economically afterwards, and that Jewish Agency of [World Zionist council](#) and polish London exile government intentionally prevented to liberate that camp in Osvietim sooner, possibly because they knew the extermination is a hoax, or possibly because they wanted that extermination to continue, in order to reach that cursed figure of 6 millions (announced long before end of WWII and before significant part of jews has died from Typhus on spring of 1945), - so to understand it better, a large part of that, what happened in Holocaust, was planned by jews in advance, induced by them and accomplished with their great help.

So now if I wanted to abbreviate this whole article serie into one sentence, it would be "[jews do holocausts](#)", the past ones and already planning the future ones, as their sacrificial offerings to the Satan, which is their g-d, (minus-god or stricken-out God), but as most of what they say is opposite of truth, they claim it's a same God you understand by that word, but the Good Eternal God and Angels are not delighting in innocent blood spilling and smokes! - as is already unequivocally stated in second part of Old Testament and repeated in New Testament... (links above)

(But evangelical christians admiring "chosen" people are deaf to rational argument language, and catholics with our fallen pope also, and there is not few of them. Jews usually know, how evil some of them are, and those arguments iterating all their wrongdoing do not speak to them either...)

9 / ? - Noahides - Crown of all jewish lies

And how does that History extrapolate into the Future ?

David Rothchild as a reply to NYT tweeting about Trump's decision about declaring judaism as a nationality and not only religion writes:

Judaism is a religion and should not be intertwined with ... or hatred towards other minority groups ... {*}

Jews have always strived to divide us into many competing "minorities" according to a strategy of "divide and conquer", and possibly to bring foreign folks or [slaves](#), where it could not be accomplished another way, so it's no surprise they root for more and more fringe "minorities".

Trump's declaring of judaism as a nationality would rightly make all it's adherents foreign nationals or agents almost anywhere, right? Is it a kind of some 4D-chess?

A religious treatment from the view-point of christianity, and also some of a secular historical evidence, has already been presented above...

But Judaism is actually deeply intertwined with [hatred of majority groups](#):

Luke 6:41 writes:

And why beholds you the splinter that is in your brother's eye, but perceives not the beam that is in your own eye ?

This "splinter and beam" ([Lk 6:41](#) or freudian psychology) is very important concept, and where-ever you see someone loudly accusing someone else of something, look, where is it hidden in his own soul... (It is encoded biologically, because men and women have different stereotypical faults, and then hate or dislike these own faults on others, but since the mate does not have one's own stereotypical faults, it does not hinder them and the opposite seems almost ideal and lovely - it is a natural key to select right gender into the pair...)

Why Clintons and all Media so loud cry about "Russian" interference in elections? Because there was huge international interference in favour of Clinton, who was sponsored by various sheiks, and both russian and ukrainian oligarchs, and because they foremost interfere in all elections worldwide. How those terribly hateful totalitarian "Liberals" (better spelled "*Liebertals*") are accusing all others of "Hate"... How in EU they repeat all over about missing Democracy in Russia, because there is a total lack of democratic oversight in EU. (They try to pretend, that having one member of the Chief Soviet (Commission) of the European Soyuz (Union) and 21 out of 700 parliament deputies, that we still adjudicate about our matters, as if those 21 deputies, even without legislative initiative, and an unelected commission member ever mattered...) Why Russians so passionately hate fascists in general and Vlasov army in particular? Because they've got almost ideal and peaceful fascism now (in a good sense of that word, if you could understand... Fascism and it's symbol [fasces](#) expresses a National Unity, often supplemented by a very popular leader. Imagine a ruler with a deserved 70-80% popular support at fourth term, could it be better? How do you compare? But Vlasov army were Arch-Traitors against their own nation and that does not deserve admiration anywhere! And Russians have saved Europe and World from the Bad Fascists often since at least Napoleon wars...). And so on...

Do you know, why some of jews so loudly and irrationally accuse all others of wanting them to exterminate, whenever you mention some of their faults? Because they want to exterminate others! Do you know, what are "**Noahides**" and what do they plan ?! First noahide law is death penalty for being a christian. Second noahide law is death penalty for being Epicurean (atomic) atheist, or "Blasphemer" against God. You need not be concerned with the rest five... Worst on all that is, that they may possibly plan to execute it summarily... Awaiting their "Messiah", they'll just anoint someone for that, and they've already bred a red heifer in Israel last year (2018) and celebrated that loudly... It will take four years from then, until their false "king messiah" will slaughter that red cow in a bloody holocaust ritual at 2022... It does not matter, whether you believe a prophecy about red heifer announcing one more in a row of their false Messiahs, what matters is that they believe the time came to start that... If you think it's just a trifle, you underestimate them, it's part of their religious mainstream Cha-bad (Chabad Lubavitch), since Talmud and since Maimonides (Rambam), who was a Son of Devil (Ben Mamon) incarnated on pascha just eleven hundred years after crucifixion of Jesus, but nine hundred years of their false messiah is already almost over and it comes to the end, not to any other start... I'll supply quotations from "Laws of Kings and Wars" and "Avodah Zarah", a mainstream judaism on Cha-bad website...

But absolute **Crown of all jewish Lies**, and the most dangerous one, is, that these laws supposedly come from Torah:

Genesis 2:16 writes:

And the LORD God commanded the man, saying: Of every tree of the garden to eat you will eat

From this sentence Gn 2:16 and from Gn 9:6 they devise in revengeful Talmud Sanhedrin 56b (bottom of page 252 in that pdf) those seven Noahide laws were allegedly commanded. Here you may see their Youtube video, how an exemplary liar rabbi (Moshe Weiner, skip to time 1:56) looks, when he explains that without telling, what the laws are about...

For christians, here you can inspect by their source, that by "Idolatry" this Maimonides (Ben Mamon) considers "Minim" to mean foremost christianity, in book "Mishneh Torah" (means among else "modification of Torah") in Avodas Zarah originally named Avodat Kokavim chapter 10 and Avodas Zarah chapter 5 (I'll explain the names "Avodot Kokavim" and "Avodah Zarah" later, since their mis-interpretation is important).

(They thus consider that spelled "Minim", singular is "Min" and their teaching "Minuth", as meaning foremost christians, there are many occurrences of this in Talmud... Originally it meant just jewish heretics, but Maimonides clearly redefined it to include christians, and it is thus now explained on many places in commentary in english edition of Talmud books...)

Then, what they spell there "apikorsim", in Talmud commentary is clearly spelled "Epicurean". For example see in Talmud Sanhedrin 90a (on bottom of page 387 in capital letters, and related remark 32 on page 389), what they mean by "Epicurean", but it occurs on multiple other places there...

Then, in Maimonides book "Laws of Kings and Wars" (hebrew in wikisource) verse 8:11 (in some editions it is 8:14) writes:

שלא קבל מצות שנצטוו בני נח הורגין אותם אם ישנו תחת ידינו

My exact translation: "*that who did not accept commandments those commanded to sons of Noah, they will be killed, if being them under our hands*".

In english edition they translate this same sentence: "*For any non-Jew who is under our jurisdiction and fails to accept the Noahide Commandments is executed*".

(You can pick that hebrew sentence above to clipboard and find it in hebrew wikipedia page "Seven laws of Noah" linked from english page Seven laws of Noah or Noahide, where it is prefixed by כל גוי "all goyim"... Is wikisource of "Laws of Kings and Wars" incomplete missing "all goyim" or was it added elsewhere or just in some manuscript copy? Does it make any significant difference?) Current wikipedia pages making it look quite innocent are just a deception, I've missed them repudiating the Talmud original yet... (Do you believe their Exegesis will follow Wikipedia, or Talmud original ?)

Adherents of Maimonides are not your or mine friends, not at all. Unfortunately, it is a chief authority of Cha-bad rabbis, those with black hats, and I somehow missed their clear rejection of these ideas as null and void... (As a side-note, did you notice, that whenever they should write the word God, they visually strike it out as G-d ? So much they hate Him... That's why I tend to write them off as Cha-bad ...)

Judaism is so deeply intertwined with Hatred of majority groups that it almost can't be worse on ideological level... It is irreparable and would soon be discarded, they will themselves better relinquish that wrong heritage...

Just hope Mr. Putin is as christian as he looks and that all three major "kings" (American, Russian and the black king of London City) are not jewish 6 yet, so that ballance of powers prevents them from committing that evilness now. But that may change in 2022, just before the next Shmitah disaster, for which is very probably planned introduction of that new jewish false "messiah"... (But if you hope it will be 2022 or 2029, they may make some deception or exception and shorten it? Who knows?!)

Then consider, "Avodah Zarah" (which means "foreign service", also spelled "Avodas Zarah") in Talmud and mostly in Ben Mamon's book of that name ("Ben Mamon" literally "[Son of Devil](#)" - see [Lk 16:13](#) that "Mamon" is opposite of God, i.e. it can be considered another name of Devil. This Ben Mamon is also known as [Maimonides](#) or Rambam (Rabbi Moshe ben Maimon), with full original arabic (sic!) name "Abu Imran Musa bin Maimun bin Ubaidallah al-Qurtabi" which I've translated via Wiktionary lookups as "Civil Father son of Baboon son of Servant of Allah the Cold Medicine" but I'm not sure about that my translation). It fulminates against supposed "Idolatry", which is supposed to be foremost the Christianity, but in original there is "Avodah Kokavim" ("Service to Stars"), and then medieval "censor" changed it to "Avodah Zarah" ("Foreign Service", allegedly meaning idolatry or service to false deities allegedly including Jesus). But I rather think, that it means, what is there written, that it is about "service to stars", from the judaism hexagram star and communist and muslim pentagram star possibly until NATO tetragram star, and it is about "foreign service", the treason of foreign loyalty... That is what possibly deserves all kinds of those punishments as written, not as misleadingly explained by rabbinic liars, unless it is a satanic nonsense as a whole... ((You))) yourself would better reject that wrong heritage...

As Pharisees in Mishna and Talmud Sanhedrin 90a write (while all or most of the wording or explanation in Mishna and Talmud is inherently bad and evil), that there is no place in future world for [עבודת כוכבים](#) [services of stars](#) ("Avodot Kokavim", and I've included their examples in that black-hat-pyramid image I've posted earlier), later explained or modified as [עבודה זרה](#) [foreign service](#) ("Avodah Zarah" - in my exegesis it means "treason of foreign loyalty"), and for the [hedonists](#) ("[Epicureans](#)" - vain people indulging in pleasures like pigs without striving for other meaning of their lives), but Talmud and it's commenters have modified it to mean Christians and Blasphemers against their Religion and God. I mean, that it shall be accomplished by them rejecting those blunders, when they come to realize that those "stars" are blunders, and the public shall absolutely abominate and distrust anyone, who dares to spread such propaganda of those "stars", you do not want to be brainwashed, but not as Talmudists tried to modify it, that they (we) should be executed. As I've included the NATO star in that image later after the former stunt I've used it first, I do not mean to dismantle NATO, the ballance of powers is needed, but I mean that they should stop their warmongering lies and better abide to the original statement of being a collective defense, and not a muscle arm to gain profits of military-industrial complex gangsters...

Do you think the [next holocaust](#), committed by (((them))), would be just few millions, or possibly even 6e9 (6 billions), as is suggested by [Georgia guidestones](#), which they've let to be erected in advance probably for a case there would be no-one left to erect them there later, and by (((their))) usual misdirection attributed to a R.C. Christian ? (I'm not sure, who made that, most probably some Luciferian Freemasons? Who knows??)

10 / ? - What can (((they))) plan?

And what can they use for their next misdeed, beside a conventional war? They cannot decapitate billions of christians and billions of hedonist materialists, as their satanic books are commanding them... Even if they've started that somewhere, elsewhere would people be prepared and defending themselves... So what could they plan ?

An [Epidemy](#), while giving the few elected a vaccination soon enough... Consider, that even if 1% of epidemiologists were rogue, it may bring a disaster... And more so, if some of them are already joking about getting [rid of](#) white people! (Why don't the jews realize they are white too ?!) All the epidemiological research must be guarded better, than a nuclear facility, and medical scientists from other countries should oversight each other freely and personally. There should be no competition in such research, there should be international cooperation, and there must be international oversight, because an epidemy doesn't respect unprotected borders... (As for example they've already tested Ebola on alive sample and prepared their vaccinations... Not surely intentional, just probably... Or anything like that...) But it's also possible, that they will introduce just an epidemy scare to harm most people by hastily introduced vaccination with unforeseen side-effects.

While it's really important to note, that they use [vaccines](#) to intentionally spoil people's health, and it is by far not only autism, it causes allergies (if you understand, that allergy is over-reaction of hyper-sensitive immune system, and vaccination is boosting the sensitivity of immune system, they are ultimately related, and it has been sufficiently [scientifically](#) proved by statistics and published in peer-review journal, that is a science, but the government and media superstition or lie about harmlessness of vaccines is just unscientific, it is only bureaucratic, because an allergy does not get into the tables of immediate side-effects! While many people think, that if their kid did not get the russian-roulette shot of autism, then it did no harm and can be ignored, they are wrong...) and it is somehow increasing probability of some other illnesses, thereby being extremely profitable for pharmaceutical industry, who by the allergies make life-time slaves of people. While most of the vaccines may be good and beneficial, some of them are bad, or their combination, and it must be researched on differing statistically-significant samples of people without other contradictions. It is very hyenistic of their lies and profit gainings from people ! These greedy and harmful of pharmaceuts (I don't say it's all of them) are unequivocally mentioned in the book of revelation as [φάρμακευσιν pharmakeusin \(Rev21:8\)](#), incorrectly translated as "sorcerers"...

(Is problem thimerosal, squallene, mercury, alluminium, or that they breed their cultures and leave contamination of human DNA in some of the samples, making immune system to fight own body, or yet something else? We need an independent and unhindered research and statistical proofs to answer these... Which are absolutely incompatible with government obstruction and scaring and blatant lying about safety of vaccines, without any scientific statistical proofs comparing different population samples... No more propaganda and brainwashing while harming significant amount of children, we want free research! But people should realize some of the vaccinations are needed, and it is a question, what is a bigger risk? We need both vaccinated and unvaccinated people to compare outcomes... It is not desirable to discard all vaccinations, but to make them better and proportional. You don't need to go ask your Pediatrician now, he is scared of Big Pharma Revenge, go ask your Government, where are Independent Scientists protected from Pharma-Gangsters, including the bought government itself... Not all of pharmaceuts are gangsters, but some of them are... If you think I'm wrong, go ask Mike Adams the [Health Ranger](#), he is a fair man, not omniscient but well-informed... While he could be blackmailed now, when I write it such here, ask his past published works, if he did not significantly step aside from his positions in the future... And watch some of his videos, how does a very fair man look like...)

Consider, that american jewish communities were not vaccinated against measles and almost half of the measles cases in 2019 were in their ranks - because they know quite well, that this vaccination causes various harms, while natural measles infection is far less harmful. And consider, that few thousand cases of a non-lethal illness do not vindicate to harm health of millions by a rogue vaccination... Also it is necessary to introduce a law, that a randomly selected sample of vaccines in doctor's office may be taken any time for a "surprise" inspection. (and of cause refunded to the doctor...) (that is because it is no-where guaranteed, that the real used vaccines are same as those, which passed testing, and samples of heavy metals and other unhealthy impurities have already been found by scientists on similarly acquired samples. Such a simple and obvious rule should force the pharmaceuts to better strive for their output quality controls...)

Consider about safety of vaccines, why the [heavy metal crystals](#) were not detected by scientists so far? They were. It's published, and the whole laboratory was confiscated by police as a revenge for that, and it was published sufficiently. Elsewhere the pharma-lobby just fiercely opposes taking samples at doctor's office. So a scientist, who knows about that, then why to make some scientific work about that, if it was already published and with no help at all, while loosing his all laboratory for that in vain ? Those random checks of vaccines in doctor's offices must be ordained by a government, who would protect the scientists measuring that, and not to harm them instead... Or to keep small sample from each vaccine bottle for inspection, if something turns wrong with the patient, soon or some time later? It is just not sufficient to make CDC (state medical supervising agency) testing samples offered by pharmaceuts themselves for testing of safety... (Harming innocent children for pharmaceutical profits must stop. Or I don't know, by which they blackmail governments to stay silent about vaccine damage despite all necessary information available online? There always should be an alternative to some essential medicament, or production method described but sealed, so that the producer of them may not blackmail governments by threatening to stop delivery of some necessary cure, upon which some people depend... It may be possibly necessary to occupy pharmaceutical factories by government forces to prevent them making a sabotage...)

Then they are now pushing extinction or significant harm by 5G radiation - An argument for *Greens*: "Nature loves CO2, and nature loves moist warm greenhouses. The Climate has always been changing and now it is not anything special. How dare you not protest against extinction by 5G, misdirecting all to the climate blunder?!" (Go ask for example notrickszone or tallbloke about your "consensus" lie... Among else their 600 non-warming graphs {[*](#)} prove there is non-trivial scientific dissent in this topic, so regardless of who is more right, the "consensus" and "settled" are just plain lies... You may read my own amateur message {[*](#)} to Climate activists, proving deserts are causing more significant warming, than CO2...)

If you were to choose among Internet of Things or Planet of People (Planet of Life), what would you choose? You don't need 5G for a smart household, existing technologies are already good for that, it's only if they wanted to smartly look into all households centrally, then they need so huge bandwidth. Do you mean, that you would spare few minutes by downloading something faster, if it takes away few months of your life each time due to harmful radiation and skin cancer ?! (And did you realize, that children with thinner skin are more prone to these effects?!) If chinese replaced this as a reduction tool instead of "one child policy", it may be more popular there, but we do not want to import their population reduction tools ! Ask for independent research and longer testing of health side-effects before insanely introducing something, that may significantly harm the Life of both People and Ecosystem... (EU should consider, that if they ban such possibly-harmful technology in Brussels, you would probably not desire having it nearby you either...)

That "Greta movement" is (((their))) current misdirection, a very grave one... Did you consider, that our high-melanine evolutionary predecessors are better shielded against radiation? Is it an effort to get selectively rid of lighter people, or are they just greedy of *bucks* from 5G deployment and carbon extortion payments? It is connected to the present climate hysteria very probably not only by temporary coincidence... I am not any radiation expert, but I've seen radiation experts highly troubled about this and I am concerned also... If you think it's off-topic on "Zionist Conspiracy" talk, then consider, that they did not make "Extinction Rebellion" for vain, and if jews and their stooges cry wolf so loud, better go find, what are they hiding by making you look somewhere else... (Or did they just want to connect those two words swapped as a warning??) (Is it needed to tell, that Greta Thunberg is just a doll and role-player...? Of cause such a movement was contrived and boosted by someone else... It is very instructive about how they actually work, by placing frontmen or in this case even a witless frontgirl to represent true masters behind the scene...)

(Soros is supporting the Left to completely distort it, turn it against the nation and it's people instead of against oligarchs, and that makes all good people defend exact opposite of their interests, the globalist bankster capitalism. That way you forgot, that there existed "conservative left" and that there existed "right-wing nationalist socialism", after all "patriotism" is a kind of "socialism" or "society cohesion" too, the only right one... And after all, Trump is more socialistic than any other candidate in that race was, being voted for mainly by central red-necks and northern blue-collars, while most of white-collars, academia, jews and their stooges rooted for bankster puppet Hillary - could it be more obvious, which of the candidates better defends "we the people" and workers in particular? "We the People" is an essence of true socialism, realization it's not "me" or "him" but "us", what matters, but Soros-Left and "Democrat" totalitarians are just a "fight someone else" deception... And of cause, true Democratic Socialism is not preferring harmful minorities against a majority, and it is not about *gibsmedats*, it should be about Society well-being... Here just to explain, why they've most probably confused you about what is Right and what is Left, and what is Good and what is Wrong... Educate yourself about [political compass](#), a 2D political spectrum, in order that you may not be so easily manipulated by propaganda...)

And a possible nuclear war. We the World ultimately need INF2 or some other treaties, since no-one beside millitary-industrial complex gangsters and possibly those, who want to exterminate the world, may desire uncontrolled arms-race with so huge and undesirable side-effects. Fighting a fight on civilians is a war crime, isn't it? So even if you need the arms against such as ISIS, you need to make them as precise as possible, but nuclear is quite the opposite, it is a tool to wage war by harming civilians by a nuclear fallout... It would often be good to prevent war criminals instead of personally sentencing few of their pawns and middle-figures afterwards... It's necessary to understand the MAD doctrine, that prevents clashes between geopolitical rivals by raising their price too high, but that does not mean uncontrolled and exhausting arms-race...

Then just a note about gene-editing (CRISPR) used to make some super-people specie - who needs that ? Do you want to be replaced or ruled by some new artificial specie and become obsolete ? Allowing this today is bringing harm to your children some time in future...

I'm not sure, what else do they plan otherwise...

(a side-note: since Moderator of that forum is blocking these posts anyway, being either blackmailed or a blackhat trap or just a moron or scared (in that order of probability), I rather need not be restrained by auto-censorship to measure the text by his perspective and a request to stay tight on the topic... as I've been notified about "Apocalyptic Theft" and warned about possible "unintended consequences", the possible readers should stay calm, until the serie is finished... I'm sorry that I didn't prepare or plan this better... As a christian, I do not steal, while feeling other's feelings (it's called Empathy), I'm trying not to harm others. But I did steal some quite unusual toys, like a Big Bang, half of the Bible and some Legends, and even what I'll not tell you now but that theft could not be bigger from human level, so now I've also stolen them their planned "Apocalypse", hopefully so... But you do understand, that I do not intend to Steal, but to Help the Good or Just... As you may understand, the Good and Just is not always Pleasant, and since women are mostly not capable of selecting Lesser Evil, they try to select No Evil Now, while thus bringing Worse Evil Later, that is a reason, why at the Head must be foremost the Reason, while knowing, that Love and Feelings belong to the Heart. Patriarchy is a collective Love and Protection of Women and Children by Men, and you were just deceived into thinking or shrieking the Opposite.)

Recently I came across a key proof of planning of 9/11 and it goes somewhat more deep in the past than previously thought... (and I found it by that card XVI, while already knowing there are *some* inscriptions on that card) If you hypothetically found written on a wall of a pyramid written "9 11 2001 harm tower in New York", there are just two possibilities - a miracle prophecy, which is most probably impossible or at least not with such precision, or someone has read and then implemented it. But if you find that written on judeomasonic (I rather tend to write Luciferian, which is just a synonym) plan of menaces, and you need to understand *hebrew* to read it, it is case-closed... (The "Arabs did it" is just their usual misdirection or displacement of guilt onto someone else...)

Why has no one mentioned [Shmitah](#) in all end-less 911 discussions ? (Unlike recent rabbinical disinformation, Shmitah is not whole seventh year, but just the year-end at september...)

Deuteronomy 15 writes:

From the end of seven years you shall make a fling-down (shmitah). And this is the manner of the fling-down: To fling down every master (Baal) drawing out (Mosheh) his hand, which forgets in his friend, will not come near his friend and his brother, because it is called fling-down for LORD (Iehova, not Jahweh!). That foreigner you will harass, and which will be your, your brother your hand will fling down.

As encoded on Tarot cards of [Rider Waite](#) (which is the first coloured tarot deck and this one is most probably used by those Luciferians), every seven years they make some disaster on the Shmitah around september, and the plan fits on four or five other events, including killing Czar, releasing Hitler, bombing Hiroshima and taking down WTC. And about four major financial crises, including 2008 one. Then in september 2015 the peak of migrant wave into Europe (on a card, where brown dog came to howl onto Moon and white dog is *righteously* angry at him, and if you consider it insulting to compare people to dogs, that's how (((they))) think about us...). The following items on the plan are even more grim...

Decoding the card "Tower", falling on september 2001, all colored pictures there are horizontally mirrored hebrew words like "apostasy", "hell", "fornication", "satan". The only non-word image is CROWN and lightning at the top. If you horizontally mirror "crown", you get "N'W 'ORK", if you mirror XVI, you get 11 IX... (Beside all other reasoning of 9 and 11 having role in Kabbalah...)

(this is my "artistic" modification, that the figures on cards are dressed, angel's horns removed, and some faces are added to the events...)

More description and some meme pictures at <http://pialpha.cz/tarot.html>, which also includes the original tarot picture with some nude figures and without photos, but including my descriptions ...

So now I think, that they've planned to introduce Noahidism or some false jewish "messiah" at Shmitah of 2022, (note the red communist flag, a "newborn" even if adult man in reality), when Christian Putin leaves office and could be replaced by someone much worse, when Trump could be already ousted out at 2020 due to brainwashing of most of american people by their liar Fake News Media (cnn and alike), or even sooner by a Coup by treasonous snakes at House and Senate, called "Democrats", because they are totally undemocratical, (even quite probably same as with introducing the Federal Reserve when most Republicans leaved to Christmas?), (or possibly does Mr. Trump cooperate with these masonic plans? Who knows? Most probably not, since otherwise they would not strive that much to get rid of him...), and possibly replaced by some nice but weak doll or even worse by some toad-like monster...

First that Noahidism would look peacefully, wrapped in some "candies", only to exterminate White people at 2029 on following Shmitah... (That is what I see drawn on the cards, while considering, how past events related to the pictures...)

Do you think, that Luciferians can plan Resurrection on some specific date? No. Do you think the people are rising from graves on that card XX, or descending there? And are you sure the Luciferians would interpret it same?

People on that card XX, painted in white color and descending into graves or raising from there, are shaped into hebrew word רשע rasha "[wicked](#)". Did you notice, how in all American (((media))) they've tried to shift the blame from themselves onto the "White" people? Or to Rossiya they call Russia and shift all their guilts onto it? And to complete their chucpeh, (((they))) are same "light" or "white" people as us... (While considering, that "Niger" is just spanish for "Black", then "White" and "Niger" are both exactly same level of wrong color designations. African people are not black, they are darker or brown. European people are not white, they are lighter or pink. White is for example paper, not a human. How dares someone in media talk about racism and simultaneously about "white" people, or the W-word ? And no, we are not "white supremacists", we are just collectively better and it can be proved statistically, so that claiming the opposite is a lie. But "collectively better" or "collectively worse" does not mean, that someone of that group is better than everyone from other group! Although no one is average, in average you most often meet average man. Then it is beneficial to be able to look onto that average in statistical data... That is what we are missing in Europe - fair racial statistics, and thanks to Americans we can see it there, where the statistics are fair, and not lying by omission of important cathegories...)

(A short note about Tarot, which is reverse of Torah, consider, that the problem is Shmitah, not Tarot or numerology. But as a tool for divination, it is better to randomly open a Bible and read and think, how it relates, than thinking about complicated meaning of some few pictures having rather only a simplistic set of possibilities... Then also consider, who and how do you ask for an advice in your "divination"... Becoming a (voluntary) servant of bad powers usually leads to bad ends...)

About 911

All the admirable efforts of myriads of [Architects](#) were absolutely ignored by the Media and Government, because that would turn it unstable, or because (((they))) were just afraid? But what do you strive to gain by the Trial ? Revenging on some few pawns of the Dark Lords ? Or even punishing few old Lords or an opportunist rat called "Lucky", most of whom are not at your hands, some at London City, some at Switzerland mountains (most probably near Basilei? "Basilei" means "Kingdom" in greek, and Basilei in Switzerland is a seat of BIS central bank...) and who knows where else? While keeping all the rest of that Octopus alive... You don't solve a problem of rogue commitee by punishing a chairman and few of their hitmen... But fear of that Trial makes them resolved to hold the Power, both Governmental and of the Media, as tight as possible, as was originally with another ritual magic event, the Kennedy murder - that probably introduced their necessity to perpetually block the investigations... Both of these two events among else must be Pardoned on this exceptional occasion, so that the system can be healed from those, who grasp the power out of fear of punishment or "loosing face", or they just fear of revenge from their bosses... These events, Kennedy murder and 911 WTC are roots of american political evil, and guilt from these events must be pardoned... You could not touch master-minds of those events anyway, just striking some of their stooges - and what is that really good for...? It is good for telling, that Media Liars are Liars... Now you now that anyway... While some were conspiring, others were just afraid, because they would loose the job, if they've blown the whistle...

911 was not "inside job", but some of the government structures have cooperated, while after the events, rest of the government structures prefered to work for other good or bad of the society, while keeping silence about that, what almost everyone now knows. I'm just telling you, that the "King is Naked", and it's not only Kennedy murder and 911.

But from now on, when people would realize that, and when Media and Governmental structures would need not be afraid of punishment or of revenge of black lords, they should have no more reason to lie, and everyone would recognize that, who still lies...

Some of the Media figures just blindly believed the propaganda, some were afraid. You underestimate the evilness of the Dark Lords, if you think some of the Media people should have been more brave to tell aloud, what everyone knows anyway, just to get punished... (and more so, if there was that "inside job" misdirection hanging around against wrong culprits in order to make them toe the line)

Did I explain you the necessity of Pardon (forgiving) of these past crimes ?

While I think, that GHWB was hiring assassins on Kennedy murder or possibly organizing that, and while I think GWB ultimately knew about the 911 in advance, they are both just middle-level figures in that chess-play...

And since there is a stalemate in american politics - don't you see it? - I'm telling you, how that can be solved: Paint all the figures Gray. Trust no one, healthily Doubt everyone, and compare what who says with multiple view-points. Many people quite shamelessly lie and it is naive to believe, what a TV host or a politician says. Then paint few figures White, who should help to clean the rest.

About FBI {this part needs to be re-wised, rewritten or removed... it is my idea of some solution, which may not be much wise or viable... It is an example of a theocratic solution of a democratic crisis...}

Then, the most powerful domestic agency must not be a Mighty Gangster, and it must be Mighty. I suppose that in USA that should be FBI, correct me if I'm wrong. But even some of the crooked agents may be beneficial for the nation, it would be pitty to loose their abilities. Best if they could be moved to some rogue agency like CIA? And on some sections it may be good just to swap the roles between chief and his deputy, because they have abilities and knowledge needed for their positions... You just cannot staff all those agencies with street-level people instead of current agents. Then the same holds for Justice, best to swap between chief and deputy, if some of them may be trusted. If the Law Enforcement becomes weak and destabilized, it gives a lot of freedom foremost to the gangsters, which no one reasonable can desire, it may be even worse than current Rogue Enforcement against the right people. And it needs an independent and effective oversight.

I suggest such castling of untrustworthy agents... Who is crooked there? Don't you see gangsters, like Mueller not recusing from supposed Russian influence investigation, if it was him, who exonerated Clinton of Uranium One bribery by Russians? And a Parliament silent about this obvious flaw? And a rogue provincial judge with political agenda on mind may not have a power to block executive order of President in a field of National Defence, like was a case with Hawaii district judge blocking Trump's executive order about immigration for many months, even if it took mere ten minutes of reading to be clear Mr. Trump was right and that judge was wrong...

I do not know the rest. I suggested a solution, to select a committee of some 11 of most honest of Senators or Congressmen, (hoping you have at least such amount of absolutely honest and uncorruptible people there?), who already passed democratic elections, and who would decide, which positions to swap or how to deal with that mess. Chief of an Agency is responsible for his staff, and some agencies would change a Chief. I'm not going to name the names at all levels. I'm just going to suggest you, that those 11 righteous deputies not of single "color" should be selected by a consensus of three people, who I consider absolutely honest, and they've prooved that sufficiently by standing upright even when it was very unprofitable for them. Of cause many others did, but I'll name just three, since I do not know the Senators and Congressmen enough to name among them, while considering, that most of the Senate and Congress were Bought by AIPAC or other lobbies. It should not be right-wing coup, and neither a revenge. But you must make Agents of Power really squeaky-clean as much as possible, while now some of them are obviously rogue. And you cannot staff these agencies by all new-commers (some, but not all), because they are not competent enough, and the agencies may not become destabilized or weak...

The three wise and honest people I'll name, that can have absolute trust, are Ron Paul, David Duke, and to ballance it from the left side, Noam Chomsky. They will not explain their decision, not to blame someone, and they should decide in consensus. (Then the Senators may decide by majority... Majority (not necessarily all) of those Senators would be either PoC or not be circumcised and they can prove to themselves on a toilet privately, possibly not telling publicly, which of them is that majority. Not only for this reason, but dealing with this Power Structure is not a task for women... Because Power is task for Men, while Beauty and Love is task for Women. Because men have reason above feelings, and women have feelings above reason, which does not tell, how much of that reason or feelings there is. It is caused among else by a different neuron wiring in brain (different proportion of inter-hemisphere or intra-hemisphere neuron connections) and different composition of hormones... And women are more often revengeful and irrational...)

As an exception to this rule I suggest selecting Tulsi Gabbard, who is very honest and brave and has dealt with power structures in the past, it is excellent to have her as a Congresswoman, while she is weak to be a President of world's strongest superpower... A weak ruler is much more easily manipulated from behind the scene, that is why jews introduced Feminism in first half of 20th century and are so strongly lobbying for it...

I've been writing about this solution in a bigger detail last year in my native language, but the book is a structured 4D-text and would not be easy to translate all and it would be much talkative into this Article anyway...

As I didn't have a chance to consult this with the three people I named, they are free to reject such role. For two of them accompanied by another honest man I've already planned another role beside that... As a substitute, if one of first two rejects that, I suggest Jeff Sessions or Tucker Carlson, who are both very fair men too. Why don't you see it yourselves ? (By which I don't mean there are no other fair men, but I do mean, that everyone accusing these of maliciousness was himself malicious...) And they know your Senators and Congressmen much better than me. Who was not corrupted and easily bought ? (Because those I've named have in common, that they've stood on their righteous positions, even if it was unprofitable... If you doubt, why Jeff Sessions, watch "Zero Tolerance" serie by Breitbart, because these people strive for your survival and not to be replaced by foreign folks...)

If you are a cultural atheist, this is the castling from Harry Potter serie. If you are rational man, you should admit, that there is probably no better solution at hand to cleanup the rogue parts of FBI agency and Judges at this moment, since the conventional cleanup has failed recently and not once. If you are christian, you should acknowledge, that we should be Righteous, not Revengeful. We (or you) need to move ahead and not to make some ultimate chaos... (If I could discuss that solution in advance with anyone... Probably this is just a fiction, but what solution can be adviced to make the rogue agencies of power more clean and righteous?)

About current [Impeachment Circus](#) against honest Mr. Trump by absolute Liars, which seems to me as a very dangerous event, - is it all only about that call to Ukrainian president ? If Biden makes a gangster extortion call to stop due criminal prosecution, then Trump may make a honest and friendly call to suggest due investigation and relieve Ukrainians from the former blackmail... There was absolutely nothing wrong about the Trump's call (as was released on transcript later), and there was absolutely nothing right about Bidens' deeds in that very same case. But problem is not one crooked Biden... Why is your Parliament obstructed by such evidently blatant Liars ? (it's an evidence of a symptom so clearly visible as it hardly can be more clear)

Then to mention [AIPAC](#), that Hydra, that actually [controls USA](#) (there see their own short video below a caricature) and by their arm the World. "American-Israel" in their name means a dual loyalty, or rather a foreign loyalty only, which can be considered a treason. They control most of both chambers of Parliament, because no one dares to oppose them, because if Money wins the Elections, than a lobby who can suggest all significant donors to fund your opponent in next race is effectively controlling them all...

(If you think it's an "anti-semitism" to say that, then ask, why saying the Truth is called "anti-semitism" today ?!)

12 / 14 - What Israel does right

But then consider, that the middle-eastern [state of Israel](#), (which is rogue by necessity, while being in a rogue neighbourhood), actually does many things right:

Multiculturalism is undesired, having walls proportionate to necessity, banning discussion of politics in non-political university lectures, ban of miscegenation, which is a (softer) form of genocide, shekel is probably issued by the government and not by banks (but it's just money and you can live with current system), an ethno-state with strong support for it's ethnic, and possibly some other policies, which international jews (Globalists) and their stooges and those brainwashed by them prevent us implementing elsewhere... We can learn some good policies from Israel, while rejecting other ones...

They've sent muslims to Europe and America just to divert people's wrath from jews somewhere else, and make our brawl just a divide and conquer tactic. Here it's sometimes told by the woken ones, that *"If you hear someone complain loud against muslims, he's probably not far from the Wailing Wall"*. (And because a fragmented society is more easily controlled ...)

The dancing israelis of 911, their main purpose was to get captured and utter that sentence *"We are not your problem, Palestinians are your problem"*, an almost exact opposite of the truth as is custom of jews, and plant it deep into american subconsciousness, and taking photos and high-fiving was just an ostentatious stunt to get caught. USS Liberty is also a known example of this tactic, which on that particular occasion failed. Vietnam war intensification by Johnson was among else a misdirection from Six-day war, beside need to spend the bombs, prepared for Europe and Soviets, somewhere else instead. And so on... "By way of Deception shall you Conquer" is not said in vain, you all and me just do not appreciate enough the depth of various of their deceptions.

But now think - whole ruse of that middle-eastern jewish state is probably just a misdirection to turn people away from the problem of international jews (in the sense that [Churchill](#) explained this term), trotskyists and traitors in our own ranks: "Look, globalist jews are not so big problem, there is a monster in the middle east!" (that neocons are all jews many people know, but an information, that they are just turn-coat trotskyists was new to me also)... It's not all of jews living in our lands, who are bad or evil, just a non-trivial portion of them... (Some of them are just people as all of us, some are decadent, (if you knew, that most of various decadencies comes from jews originally and is perpetrated by them), and only a minor part of them is really evil...)

That way, while most people sleep or abhor any fighting at all, most of woken people fight just a shadow and puppets of the real threat, a wrong target...

Among reasons for building that ostentatiously rogue middle-eastern state of Israel in Levant seems to me quite important this **Misdirection** - look, there is a "monster" in the middle east, we here are not your problem...

Consider, that BDS (boycotting Israel) is absolutely wrong, same as other american economic terrorism (now most obvious against Iran, Russia and Venezuela). About BDS wrongness - it's much better for us here, if the jews stay in Israel and do not return to Europe and USA due to economic hardships or millitary insecurity. Middle East is not our problem here, as long as it stays in Middle East... While noting, that they should not be that rogue, most of which is just to play a theatre of rogueness...

Some people tend to claim on Venezuela example, how bad is a socialism, but instead it is a testimony, how bad it is for civilian people, if someone is targetted by economic terrorism... We here do not want to turn Israel into Venezuela poorness, so that the jews would be escaping from there here...

Then consider Iran, probably the most righteous of muslim countries (which is why the Liars claim it is worst), not much is seen here about their internal successes or faults... But they stir hatred of their own people against USA and Israel, but that is because of the economic hardships imposed on their civilians, so they need to make people understand, who is the culprit of their hardships. I think, that not harming Iran's civilians economically should lead to significant reduction of their hatred against USA and Israel...

Israel's Golan heights is "fait-accomplì", same as Russian Krymea is "fait-accomplì", there is no way back in these cases against will of people living there. Borders have been changing in history often. Here in Europe the liars should consider, that capturing Golan heights was anexation, while Krymea was self-determination of People against remote center turning fascists after Maidan coup, and so mentioning one as "anexation" without the other is lying by omission.

I even suggest Egypt to bargain and sell Sinai to Israel, and Jordan could sell them some territory also. Americans and possibly Europe should help Israel with paying for that, if that would help to resolve jewish settler problems in Middle East, if some of them would leave our lands. Israel is good in developping irrigation and cultivating fields on an almost-desert, they could even be selling this technology to neighbour Arab states or Africa some times in near future. Muslims of Middle East, please wait a while, jews in Israel will help to turn your dry lands into gardens also some time in the future, when they will develop their irrigation techniques to export them...

About Palestinians, there are two different kinds, one in Gaza concentration camp prison, one on "West Bank". You could exchange the rogues of West Bank and put them into Gaza prison, and allow moderates from Gaza camp to go into Jordan or possibly West Bank. While jews together with mild Palestinians in Jerusalem and Bethlehem should be custodians of historical sites and museums, but there is no place for Palestinian fighters in Israel land in Levant.

Then the supremacist jews should consider, that גוים "goyim" means "proud ones", unjustly proud (haughty) ones, from גוה "pride, arrogance"... All you read about "goyim" in Bible is actually about the supremacist jews today, past times are long since past, and you were confused by rabbis into thinking opposite... You are not better people than any other "white" people, you are one of us, more so that many have just converted to judaism in medieval times, it's only a rabbinic deception, invented mostly in Talmud, to make you serve their evil plans of their revenge against christians... Remember, that being a voluntary servant of evil often leads to bad ends anyway...

יהודי גוים עתה וטפם אולי יטיבו

(Jews are goyim now, but their children may become better...) (If someone wants to insult a supremacist jew by a truth or opinion, copy rightmost three words via clipboard...)

Consider, that עבודת כוכבים "Avodot Kokavim" of Mishna (or early Talmud?) was originally meant as "services to stars" including Israel star and Communist star and others, and עבודה זרה "Avodah Zarah" was meant as a "foreign loyalty" - everyone should be foremost loyal to his home-land...

Consider, that your former forbidding conversion from judaism to christianity under death penalty was foremost, so that none will "spill the beans" (tell others about rabbinic plans)... I did that as a non-jew, so now you do not have this reason to continue such ban...

{I just don't care about China much, they would not listen to me anyway... Just to note, that various of their "toys" are just reducing you to bio-robots, unspiritual people... Consider, that in "being a robot", a machine is usually better than you, but in "being a spiritual human" the machines cannot compete... It's not worth to strive to be more robotic than actual robots...}

(EU or USA should consider, that public wearing of rabbinic suit with black hat or claiming adherence to murderous judaism is much worse, than public display of swastikas or admiring Hitler, while you could possibly tolerate foreign envoys of this state, while understanding that with this position they are your enemies, not friends, and these envoys should not come here to bargain privately to peddle some conspiracies...)

2019-12-21 21:50 CEST **

13 / 14 - Violent solution is not possible

You, and American people foremost, should consider this:

You must not solve this by fighting! It's vain to come shoot one Synagogue or anyone else, it will not help anything. It would just escalate to the civil war and they would kill hundreds of millions of Americans as final outcome, no one reasonable can desire that... Consider, that most of you live in wooden huts not in vain, it was an evil masonic plan to make the whole-scale rebellion ineffective and greatly costly of innocent lives...

While you could (but don't do it!) shoot few of their stooges, the Evil Lords are out of your reach anyway, and their revenge could possibly be quite painful...

This crisis has a solution only on Ideological level, you cannot solve that by shooting anyone... (Only God could do that by striking them all at once, as is suggested in Exodus, if he decides so... No people can achieve that...) It is necessary to abandon judaism supremacy and various satanic or luciferian (masonic) ideologies without harming individual jews or bosses, even if they would deserve that punishment, but it is not viable to deliver such punishments without significant very undesired side-effects...

I'm declaring the Pardon of their former crimes, if they will cease to commit them further, because it is not possible to solve it another way...

About their unjust gains, which give them great economic advantage, I've suggested they would return half of it to The People, possibly by rewriting half of the stocks onto the State, while not harming ordinary artisans or retiree funds, and remitting of half of state debts, but I'm not sure about viability and possible economic consequences of that, since I do not understand economy that much and could not consult this with an economist about possible pros and cons. It is sort of a jubile from [Lv25:10](#) or elsewhere, remitting of half of debts, considering stocks are a debt to the investors and you need investors for your economy to thrive... You cannot come to steal them all, a compromise is needed. I'm not sure, what is acceptable and what is not... (But after all, it's just money and that is always less important than survival of your children...)

If you feel like committing another Kristall-nacht, do not break any real shop-windows this time, just get rid of their virtual shop-windows on your own screen, which are unrequested advertisements and other annoyances... I offer you using my open-source tool of personal DNS filter (and if anti-virus shall block that tool as an alleged virus, then ask some high-school programmer to write it anew from that example, it's just three days or three weeks of work of a skilled programmer). But consider, that you do not want to harm your merchants or producers by a boycott, it could lead to a depression similar to 1930's... Then consider, that it breaches DNS neutrality, and (((they))) can use that to block undesired opposition, either domestic or geopolitical. That should be banned. My tool or idea gives a personal freedom for a user to tell, what he does not desire, while such tool applied by network provider is limiting users, what they cannot read, it is same means used for an opposite purpose... (And consider, that they can detect that by reader not downloading their advertisement scripts, it may need to be revised to download them anyway and discard... Or building that into the Firefox or other web-browsers, we just need a user-customizable wild-card DNS filter... Consider, that unrequested advertisement is often a psychological poison to induce low desires in you, and it is unfair against people, but it provided some livelihood for content producers (journalists), but as Oligarchs pulled out that type of income from their political opposition, then it is tenable to retaliate appropriately... Consider, that an independent news media should not depend on Bad Oligarch benevolence either... (And it's somehow different, if the web-site sells own products and delivers ads from own server...) Sponsor by crowd-funding your favourite alt-media, so that it may become independent... Or stop reading them, if they harm you psychologically by their ads... And while most of web-sites log you to Google Analytics, who build your personal profile to sell it for advertisement purposes, that can be blocked also. Google, you forgot about your former logo: "Don't be evil" !) Then consider, that confirming cookie usage or web-site extorting you to click something first before reading it, more so if it is provided by a third-party server, is just a tool to log you reading that type of site, and to detect, that a human is reading that and it is not an automated download... Almost every server uses cookies, and a need to confirm that is a breach of your privacy, so request your deputies to relieve you from this... Consider, that Microsoft became very insolent to log you pressing windows flag key by sending an automated request to it's bing.com, and where-ever you switch on your notebook, it starts to log your presence there by each 5 minutes requesting something, until you leave from there... Which is a severe breach of user privacy... (This is a virtual kristall-nacht, giving people freedom while not harming your petty local shoppers, who are not members of that Evil Elite anyway...)

While the MAD (mutually assured destruction) has been preventing Cold War turning Hot in 20th century, preventing Americans and Russians to fight each other, it is not sufficient now, when the Evil Elite would not hesitate to destroy both Americans and Russians and Asians... If you knew, how the air circulates, it does not mix among hemispheres much, while it circulates eastward and about a month or so it returns back to your place... The evil satanic elite with few selected servants will just lounge on New Zealand (where they've already disarmed local population precisely for this purpose) or Argentina and wait a decade, until the nuclear fallout would be much less radioactive or sprayed epidemic would die out. Then they would re-colonize the world from South, they don't call themselves "Sons of Noe" (Noahides) in vain. Even if you are a jew, but not a member of Elite club with a Ticket to New Zealand, they would sacrifice you mercilessly... To deter them from doing that, there can be a MAD2 (or MADMAD?) doctrine, that if they destroy whole North Hemisphere, the dust will be placed into L1 Lagrangian point to dim sunlight for a century or longer to disinfect Earth by a hundred years of deep ice age. They are not suicidal and this would prevent them to commit some Noahide genocide. (Such dust capsule could be parked in L5 Lagrangian point behind Earth track for quite a long time...) You know the Dark Sun from north mythology, it was left here as a warning or advice... While I think God can use that too, if hopeless about outcome of this Life on Earth, but that is not sufficient deterrent against atheists or even satanists... No one shall use it, unless there would be absolute destruction anyway... As they write in Talmud, that there is no place in the "world to come" for us normal people (Sanhedrin 90a, Mishna chapter XI), I say, that there is no place in the world to come for Black Lords of Satanic Elite, because they will turn at least Gray, and if not, there will be no place in that world for anyone... And you should ban any Elite conferences like Bilderberg or others taking place on South Hemisphere for precisely this reason, or guard them with prepared nukes nearby... If you think it's worse than current Nuclear deterrent, that brought 70 years of peace among geopolitical rivals hating each other, then consider - for who is it worse than present state?

But consider, that (((they))) may pull some trigger of a nuclear or other war also, if (((they))) feel like having no future and all lost, so you cannot harm them such. (I know, what they most probably have got for this purpose, but I do not intend to tell it... Their deterrent is grave and you better do not want to know that more specifically... Send me someone to privately explain that, who shall prove to you, that it's grave, without telling you, what it is or why he should not explain that either... It's often better not to know about all scares...) So it is a mutual threat to assure permanent peace...

Once I had a dream, and it was very important. I was already locked (unjustly) for a week in a crank-house without any access to computer, and on the eve of my birth-day, I had such dream: A boy named "Pike" was going among people, who were waiting for something (and I looked at them suspecting), he climbed on top of a hill and said: "I relinquish that heritage!", and everyone was happy and celebrating. A snow-dragon has risen and fell apart as a dust. Then I woke, and was troubled - should I relinquish my work or what? And asking: "And God, what do you wish?" and I fell asleep again, and I saw alive scales, just a head like laboratory scales with a weight (plummet) suspended on it's back, and I aroused again... (That reply has at least four possible explanations and do not commit some violence because you pick wantonly just the wrong one...) I've felt the dream somehow important and written a short note about it on paper, then on following days continuing on that paper with more time-stamped remarks... It was surely "Pike", I remembered it as a "Pike Electronic", a shop where I've been buying amateur electronics components while young. And I may prove, that I've seen that name only some weeks ago in a long list of those, who planned the third world war, as everything I read is saved here... Then after some half a year later, I've been reading about "Albert Pike", the chief ideologue of luciferian freemasons, and I realized, that the dream was about him. I consider this a proof of existence of angels or something, that can influence your dreams, if they decide so. And it was not something petty, it is a solution of this world crisis, nothing less important... So, you Luciferians, publicly relinquish that heritage, and relieve all your stooges and those just scared by you from all their lying and hate against us !

While we cannot trust them such relinquishing, if they feel justified by their *Kol Nidrei* to lie, but their stooges should - by that you would recognize, that the media lying and freedom of people would heal to be much better...

But you, people, learn, how easily you were misled into believing them all their lies, and they even intensified them last time over the Impeachment of Trump, and now will trash that and continue empty lying in less important things ? You, people, must learn to compare opposing view-points and do not trust anyone, verify everyone's opinions! Do not believe them their propaganda so easily... Measure everything foremost by what is good for your children... Or do not care about politics and rely upon someone else watching and verifying, but then you must not be an easily misused hysterically crying throng, if you are just brainwashed by one side of the debate... And women are more susceptible in this, as was proved on american campuses and streets... You must compare multiple view-points, (because Truth is often 3D and cannot be reduced into flat picture from one view-point), before letting you be misused by the wrong ones for their purposes... In Europe it was chiefly a rusophobia hysteria, in USA it was both rusophobia, anti-racism and all the blind fight against Trump in recent years.

Christians, open book of Revelation and read [19:20-21](#). It is not a prophecy, it is a warning, how it will come out, if things turn wrong. (That false prophet is fake-news MSM...) No one reasonable may desire such nuclear war. If jews will start to slaughter Americans or vice versa, this is what shall follow - Russians or Chinese, you may not allow jews slaughtering Americans and turn America into a strong-hold of trotskyst-like slaughterers. (When their plan to export Revolution from poorest European state of that time, which was Russia, has failed, they've retried by capturing the strongest instead to export their World Dominance from there...) If it turns wrong, you americans deserved it for allowing them to lie so long, and jews with their stooges for being so evil and decadent. And you have been warned by [Jer11:11](#) recently... It is a warning, what could follow, if you were bad. While I think jews would deserve that, it would have many many innocent victims and it may not be desired. Europe and Russia should consider, that it takes about a week for air from America to flow into Europe and few more days to flow into Russia and Asia, it is MAD to allow to turn it that way...

This summer, when I discovered the figure 6e6 in the book of revelation in [13:18](#), I've written about it in a liberal christian forum as a comment on that verse, but when accused of anti-semitism, I clarified that and argued little more and whole topic was soon erased... But as I understood the importance of that information, I've returned few days later and placed there just a bare nucleus (core) of that message without any politically incorrect explanations, and I posted it at August 6th at 8:15 local time to underscore that information by Hiroshima anniversary, which is called "Little Boy". Continued to archive it at 8:15 UTC, and to post it on 4chan on 8:15 american eastern time and talk almost until 8:15 american western time. And I had only few seconds or few minutes each time to select a thread to use for that. Discussions on 4chan are usually quite fast and they fade away within an hour and must be feeded with more comments and possibly pictures, or they fade away even sooner, so that my discussion there has little quality and is rather spontaneous... Then, to complete it symmetrical, what to post on Nagasaki anniversary, which is called "Fat man"? I've selected the second most important verse of book of Revelation that is not understood yet, considering it a "bombshell" information, and it is Revelation [9:19](#) with explanation "[Genetic poison](#)". And again, on August 9th 11:00 local time in that forum, on 11:00 UTC archived, on american eastern time and then on american western (California) time on 4chan. Both of these are so important informations for the Good of the World that I decided to underscore them even by nuclear bomb anniversaries, if they were keeping to ignore them... And I've swapped them, the more important Fat Man was first, and just a Little Boy came later... ([>>222010651](#), [>>222405283](#), [>>222424418](#))

I realized the comparision with the Tarrant's deed on New Zealand sometime in between, as I've been formerly both analyzing that fiercely censored video deception and remarking on blunders, scattered in his deceptive manifest, which was only partially right but was an attempt to lure guerilla partisans to come out to get them captured, but as the group behind him has shot mere two mosques and harmed people physically, I've dropped nuclear bombs twice over half of the world only virtually to help the people, while harming no one with that.

That picture with black-hat-pyramid (with a slight difference) I dropped into the 4chan forum just to keep the thread "alive" and not fading away. I made that art-piece earlier on June and it expresses the "One ring that rules them all", the ring of various subversions and world rulers, and expresses the Luciferian pyramid on dollar bank-note, and relation of "Avodot Kokavim" or "Services of stars" and "Avodah Zarah" or "Foreign service", when I found it in Talmud hebrew text, that there is not "Idolatry", but these two instead... If I wanted to intentionally drop it on Yellowstone mountain 8:15 local time there, I would not drop it at 8:14 and would be more precise, I just needed to pick some art-piece to attach it beside the talks and had few seconds or a minute to pick something from my folders... But then, when I thought about it later, I realized it's actual importance...

I've been writing in between almost continuously, sleeping some mere six hours total over five days and four nights... And "The Day After" after the first deed was a Judgement Day, not only but also to strike-out these bad popular legends as fulfilled, do not wish for "The Day After" and "Judgement day", as it was planted into popular sub-consciousness, these already happened virtually. And I later realized, that it was a deed of me, Son of Man, coming from computer Uranus, which means heaven, from one side of the sky until the other at one time, one local time different on each place, and the Stars (Avodot Kokavim) were falling... I didn't think much about it, as it happened, only later realized that... Do you expect some multi-media show for Mt24 from World Powers like NASA or RosCosmos instead ? Maybe they've got something such prepared, I do not know, I fulfilled that just virtually and unintentionally... While I do not know, what Lord God and Jesus in Heaven have prepared, but if you will be waiting for God to make that visibly on sky, you may be waiting too late and get swept by Noahides, that fault has been done by Ester's Persians already...

After that first post of 6e6 figure, I walked around to show it to the doubting Thomas, but he was not there, as almost everyone has left this place at that time, and I've showed him just few days later, because he didn't believe and fiercely opposed, when I've been trying to explain them a simple 2D political spectrum before EU elections, and because otherwise he is quite intelligent man, he was just brainwashed by propaganda as many other people. Only some time later I've realized, that I've been going to show him the "stigma" letters and how it evolved... No, he kept doubting and even did not read that much, so I've abandoned an idea to explain such things to local people here, if even most intelligent of them here was not able to understand it... Then, some fourty and few days later, I made an ascension onto the "Czech heaven" theatre play stage, to give rose flowers after the theatre and kiss a princess, who has been playing king Venceslas role, and even if that symbolical deed did not work, I abandoned further strives, until later reading Ron Unz review articles, which inspired me to continue writing about important things on a better platform.

And as I know your dogmas and expectations: No, I am not Jesus Christ, that was here and most probably will not return ([J16:10](#)), Son of Man is not Son of God, while I explain this as a Fractal mirror, that may repeat on various levels or times in future, I am not sure, what God has in his plans... This article text is a judgement of false supremacist Judaism ruling the world, that shall perish or be abandoned, while it's adherents can stay alive, or better should move to Israel in Levant... Of the sin, that you did not believe in God, I've written formerly a proof of existence of God or "something" of that kind, the proof does not tell, what He is, or His Angels... Some were expecting an end of time coming soon, but I do tell you, that such a superstition leads to ecological irresponsibility. If you understand AΩ, who was at the beginning and will be at the end of time, I'm telling you, that the end of time is in infinity, and now it was only a middle, thereby changing that to AΣΩ, as I explained last year in more detail in my native language.

As I know your legends about "Kingdom without end", I AM an analytic and ideologue, not executive and not a legislator, and I am mere mortal individual. And you cannot have same rules or rulers for different kinds (tribes) of people. But I do suggest you a simple and effective upgrade of Representative Democracy, that will ensure, that only those with fresh Trust of the people will be their Deputies, when anyone would be able to retract his vote any time and give it to someone else, if he does not trust his current deputy, while still allowing people to be protected by anonymity. That will bring the deputies to Responsibility quite fast and prevent them making vain promises. It is in much more detail described in my native language in an open forum, a very good platform for discussions. Consider, that Direct Democracy is a rule of the Average, and the average people do not have time to study all contexts and do not understand economy so much, so it would be rather a rule of bad Media, who wag-the-dog of people. While Representative Democracy is a rule of Elite, who devotes all time to the task of learning contexts and discuss with opponents. But in current state, the Elite is not Responsible to The People, but to the Donors, whose Money has made them be elected, which brings a rule of Bad Elite instead. My simple upgrade should change that to a rule of Good and Responsible Elite... And Referendum - someone has to bargain possibilities and write all the texts, and then the People just can say Yes or No, but that gives too much power to the Bureaucrats, who write that, what is later confirmed by Referendum. So anyway you need staff Responsible to The People in those positions... I do not force you to use this solution, I just offer it into further discussion... And while (((they))) have been striving to make One empire over all of the world, which they could easily control from behind the scene, I do tell you, that Democracy is possible only Regionally, where people know and understand their deputies and deputies know their people, and it is not about some center somewhere very far administratively deciding about regional affairs...

About J16:13, as a physicist I believe in uni-directional flow of time, and if there are some prophecies, they are most probably just plans of some Angels or Demons to fulfill... But I do know, that not far from now, a bad Empire shall fall apart. I know when, but I do not know which one (but it's not hard to guess). You rulers now compete, which one would that be, most ready to fall apart... If I told you when, good people would not strive to prepare sooner, while bad people would have a time to prepare and fortify, and since I think that schedule was being implemented by Angels, if I told you about that, they would probably use another schedule instead... (I may privately explain this further just to prove it's right...) And you shall not spoil the place where I lived by pilgrimage, it is not a sacred land. My blood is already homeopathically in an ocean and you can make a pilgrimage to the sea-shores if you wish, and please keep them cleaner...

About Pope Francis - he made various severe blunders, among which is foremost rooting for migration. You should wash feet of your servants or people, that help you, and by that the Pope expressed, who he considers helping him. But as I've proven above, that the migration is an item on Luciferian plan of Replacement Migration, and then he, the Pope, out of all his blind Love has become a servant of Luciferians. But in the Head must not be blind Love, in the Head must be a Reason, and pope Francis should abdicate. And I suggest placing Council veto above the Pope to avoid this in the future, since a collective of wise men is very usually more Wise and less Corruptible, than an Individual. I'm not even going to suggest his successor, you have your Conclave for that, and they shall not elect Me, or at least not in my forties, elect some wise man in his seventies. (And I knew this even without Solovjev's warnings...) Just noting, that the Pope must not be Black, not only but mainly because of symbolism. About religions, a Spiritual Diversity is Good and I am not going to suggest you, which of the religions is better or worse. (And remember [Proverbs 6:16-19](#)) A Good religion is that one, which is still alive in the place, where you live, such, that makes you more Spiritual Being, singing in Joy to the God and his Angels, and makes you wish for the personal sanctity, and not for obscenity and disintegration. You can and should still sing praises to Lord Jesus Christ, who made this civilization much better by His influence, while some of your songs or chorals expecting end of world would probably need to be changed... Now it was only a middle, your path toward Jesus in Ω Infinity of Time is long ahead, so have a Good Journey there...

But as Lord Jesus brought you Peace and Calm, I am somehow introducing you a Chaos, needed to Wake You Up sooner than too late and to avoid the worst later...

It would be absurd, if I've told you now to go fighting and killing evil jews or Luciferians, even if some of them would deserve it, I'm instead explaining even to the atheists, that it is not possible or desirable, and that it must be Pardoned, if they turn to be better.

What the Judaists will do in their Israel land is their problem, but here on the West or East this murderous and subversive cult should be forbidden, including male genital mutilation of children, called circumcision. Although it is a "religious practice", that supremacist religion striving to kill all others cannot be tolerated in civilized world. Among else, circumcision makes the men less compassionate, it makes them to indulge in orgies, and the mobsters can show on a toilet to each other, that they belong to the same mob, even if sitting on opposite sides of table on talks... Upon children, that were not circumcised, you can recognize, that they were not groomed in this supremacist cult while young... Besides, all the talk about circumcission in Bible can be interpreted in other words, as the verb "circumcise" also means "to speak", and it was just mis-interpreted by rabbis formerly...

Then, relating to that "little boy", and relating to the 919 in Revelation, and relating to the survival of diverse species and not mixing them all into arabs (because "Arab" means mixture, and they are mixture of european and african people, as is evidenced by "Principal component analysis of Human genetic diversity" chart), because healthy racism is needed to keep people globally diverse, and because of a "home right", that we Europeans are entitled to keep our lands, while just transferring our cultures and riches from our ancestors to our children, then for the protection of our European women and children, the Africans, that want to stay in Europe, should be sterilized. Better return to Africa now, we do not want to be replaced! Africans are former stage of Evolution between apes and european light people, as is evidenced by evolution occurring in Africa first, and they are not entitled to take over the whole world, while they can be tolerated, if they make no harm... While afro-americans are something little different, because they are carefully picked african Elite by jewish slave-traders and hardships of those transports and are long since assimilated and domestic, unlike that invasion, which comes to Europe now, while they in USA still have significantly lower average IQ (but better than sub-saharan Africans) and are committing 5x more crimes than lighter people.

I am not going to suggest any solution for afro-americans, they are more americans than africans already... But as there are significant tensions and unresolved problems, I do suggest a publicly broadcasted serie of discussions between the three wise men, David Duke, Luis Farakhan and third probably Noam Chomsky or someone to counter-balance them from "left" side, while being sufficiently honest and distinguished man to compete with these two gentlemen and not just hysterically shrieking common PC lies. And you do not understand the legend of three kings, one of which is black, if you didn't realize, that in this trio, the black one is Noam Chomsky... It shall be publicly broadcasted to teach people, how a civilized and honest discussion about racial tensions should look like, and they will not be restricted by political correctness of all those lies, which fill the media today, but will strive to explain and discuss, how to make current problems better... And to explain to people, how the media has been lying about these men before... And to teach true "white supremacists", that an afro-american man can be spiritually high above their spiritual level. And you will be thinking and contemplating about their conclusions, because they are truly Wise Men. (If they would not live long enough to accomplish this discussion, let's watch their former videos. A very distinguished gentleman Mr. Farakhan inspired me about this and earned this position by his 3-hour interview with Alex Jones, whose main word or idea was "Dialogue"... And they should not make unnecessary diatribes against jews, or as they decide, but it should be foremost about resolving racial tensions in diverse USA...)

Miscegenation (called race-mixing) is a form of Genocide, replacing genes of your ancestors by foreign specie genes, and best way to prevent that is by teaching healthy admiration of own kin or race and scorning on any race-mixing. Miscegenation is a hereditary sin inflicted upon progeny that cannot be condoned. Only healthy racism preserves a true diversity and you were deceived into thinking opposite. Racism is a kind of Love, as underscored by second most important commandment Mt22:39 - You shall love your neighbour as yourself. (Actually, the original says: "You shall love your neighbour similar as you".) Your neighbour or brother in race, in nation, in language or in religion (Rev 14:6). You should respect all others, that do not harm your own kin. While you can love even your enemy, more so because he makes you stronger to resist him, but loving enemy of your neighbours is a Treason, most grave of sins. Absolutely not everyone different than you is your enemy, only those, that try to harm your neighbours... And anti-racism is a Hateful and Treasonable tactic to replace and exterminate your children by foreign folks. But you always should try to see the situation also by the eyes of your opponent to better understand his position and be striving to find a solution acceptable by both. Best possible Win is a Tie, because that way no one loses absolutely...

I've abbreviated the most important part of my second book and of this deed also by "**14!**", for which David Lane, a martyr not yet canonized, received a sentence of 190 years in prison, just hidden behind an absurd trial, and if you do not remember it verbally ("We must secure the existence of our people and a future for white children"), as I do not either, it can be further abbreviated to just **4** - "White children must survive". Can you opponents please explain us, what is wrong with this idea? But the liars have attached 88 onto that (meaning Hitler) and proclaimed it to be worst evil. And I hereby suggest to remove and discard 88 from that like a spent wrapping paper and unwrap the "**14!**", which means survival of your children... (But actually, the liars just pretend that 88 to mean Hitler in order to hide from you the 88 precepts, a very excellent philosophical work...)

And I hereby tell you, that the africans can have a white soul too, but not if collectively engaging in that Population Chernobyl (which literally means "Black weed"), which is the exponential growth that happens in Africa, while the natural regulations have been removed without adjusting the birth-rates, which is a chain reaction leading to the explosion. This is or will lead to the worst ecological crisis in progress now. If Merkel says: "we will manage that" - no, you will not. You can only shift the consequences little more into the future and load it as a heavier burden onto your children... If you would like to object, how I dare to compare africans to a "weed", they are people also and "we are equal" ? No, we are not equal, which means zero difference, we are different and unique. A plant growing on the field, where it does not belong to, is a weed. Both "weed" and "wheat" are plants, but that does not mean they are equal, and a wheat growing on corn field is a weed also... Read [Mt 13:24-30](#). Evangelium is not an agriculture handbook, it is about spiritual matters, and also about ethnic matters. An atheist ecologist should consider habitat of [endemic](#) specie damaged by [invasive species](#), and exponential growth math...

First introduce them woman education, because length of woman education is somehow in reverse proportion to the birth-rates. Or try to introduce or even force them some anti-conception for population control, even if it was a vaccination or something like that, or a pink pill, that woman gets after first child-birth, saying it is a pill for unrestrained love, with a written paper explaining the life-time anti-conception. You do not understand "lesser evil" enough, if you would like to argue and oppose this, because current exponential growth leads inevitably to a disaster. And Africans, escaping consequences of their overbreeding, may not be housed on other continents, because they bring their overbreeding life-style with them, it's like it is not possible to take into the walled city a plague-infected man in front of the gates, because he brings the disaster with him inside. No oppression, various hard-ships and dictators can justify importing African people to Europe, these are all consequences of their life-style and it would be too easy for a "dictator" to get rid of surplus of his population by letting them escape elsewhere. Understanding this is a matter of survival of the civilization, because the exponential growth would fail some time later anyway... We, people of European origin, are only little responsible for this disaster by introducing them health-care and peace, while not teaching them anti-conception and proportionality of birth-rates to death-rates soon enough, but better try to start solving it sooner than too late, because otherwise it would have to be solved some unpleasant way for the sake of survival of this civilization... No ethnic is entitled to over-breed above reasonable proportions, this planet is not infinite. But as any biological specie that starts to overbreed becomes a pest, it is needed to reduce it to reasonable proportions, until it is not harmful, but not to expunge it completely... And you should strive to achieve such reduction by more soft means soon, before the necessity would require much more unpleasant means later... (The jews and their stooges in UN have been ignoring catastrophic overbreeding scenarios, probably because they knew, that they are going to reduce it soon anyway? Who knows??)

You want to survive collectively, and those, who do not understand that, should have it explained by someone, who understands, or compeled to adhere to the common civilization survival. You cannot compel the Black Lords of Judaism or Luciferians (called Freemasons, which are just "virtual jews") much, it is needed to make a compromise with them. If sub-saharan Africans would not be able to understand that and more or less voluntarily adhere to the common civilization survival, they would be compeled and reduced to the appropriate levels, not exterminated, just reduced. Ecology foremost applies "Collective Guilt" principle and you must understand basic necessities to choose the "Lesser Evil". So now strive to invent and do not obstruct a "Lesser Evil" for sub-saharan Africans, before needing to make it worse way later by your children... It's far lesser evil to introduce or even force them an anti-conception, than to reduce them later some unpleasant way... (While it is possible to tolerate seven or even more children per family, more so if in morally healthy environment, but only if it is an exception and not a population-wide average...) Or just stop feeding and subsidizing Africans, that do not comply with such regulations...

EU is building a Babylon tower to remove democracy, which is possible only locally. Consider, what it's flag expresses. What is not there in the middle between stars representing it's nations, and what should not be there...

To conclude this text:

I love you, and I want your children to survive. By that foremost you shall measure everything. I am neither infallible nor omniscient, and if there is some blunder, it should be corrected to make that survival of your children more probable.

Do not Trust me, Doubt about me wisely, but some things can be proven or an evident be explained.

The Grace of our Lord Jesus Christ be with you all. Amen.
